History and Background of Arutz 14 Israel

Arutz 14 israel, also known as Channel 14, has established itself as a prominent player in the Israeli media industry. It was launched to provide an alternative platform for news and entertainment, focusing on national and international developments. The channel's foundation was built on delivering swift news updates combined with comprehensive coverage of political, social, and cultural issues. Over the years, arutz 14 israel has grown its reputation by maintaining journalistic integrity and adapting to the evolving media environment within Israel.

Founding and Development

The inception of arutz 14 israel traces back to a period when the Israeli media landscape was expanding to include more diverse voices. The channel was created to fill gaps in news coverage and provide an additional viewpoint on matters of public interest. Since its founding, arutz 14 israel has undergone several transformations, upgrading its technology and expanding its programming to better serve its audience.

Mission and Editorial Focus

At its core, arutz 14 israel aims to deliver impartial, accurate, and timely news. Its editorial policy focuses on providing a balanced perspective while emphasizing issues that resonate with Israeli society. The channel places strong emphasis on investigative journalism, political analysis, and cultural reporting, ensuring that viewers receive a well-rounded understanding of current affairs.

Programming and Content Offerings

Arutz 14 israel offers a diverse lineup of programming designed to engage a broad audience. Its schedule is carefully curated to include news bulletins, talk shows, documentaries, and special reports that cater to various interests. The channel's content strategy is centered on relevance and depth, enabling it to cover breaking news while also exploring complex topics in detail.

News Coverage

News programming is the cornerstone of arutz 14 israel's offerings. The channel provides regular updates on local and international events, with dedicated segments for political developments, security issues, and economic news. Its news teams work around the clock to ensure that viewers receive the latest information as events unfold.

Specialized Shows and Features

Beyond standard news coverage, arutz 14 israel produces specialized shows that delve into cultural affairs, social trends, and historical retrospectives. These programs often feature expert interviews, panel discussions, and interactive segments that encourage viewer participation and foster community engagement.

Language and Accessibility

While primarily broadcasting in Hebrew, arutz 14 israel also provides content in other languages to reach a wider audience. This multilingual approach enhances accessibility and makes the channel relevant to diverse demographic groups both within Israel and abroad.

Broadcasting and Technical Features

The technical infrastructure behind arutz 14 israel is designed to support high-quality transmission and expansive reach. Utilizing modern broadcasting technology, the channel ensures clear audio and video quality across multiple platforms. Its infrastructure supports both traditional terrestrial broadcasts and digital streaming, catering to changing viewer habits.

Terrestrial and Satellite Broadcasting

Arutz 14 israel is available via terrestrial broadcast, allowing it to reach households across Israel. Additionally, satellite transmission extends its coverage to regional audiences and Israeli communities overseas, reinforcing its position as a key news provider.

Digital Streaming and On-Demand Services

Recognizing the shift towards online media consumption, arutz 14 israel has developed robust digital streaming services. Viewers can access live broadcasts and on-demand content through various digital platforms, including mobile applications and web portals, ensuring convenient access anytime and anywhere.

Technological Innovations

The channel continuously invests in new technologies to enhance the viewer experience. This includes high-definition broadcasting, interactive features, and integration with social media platforms to facilitate real-time engagement and feedback.

Audience and Market Position

Arutz 14 israel commands a significant presence in the Israeli media market due to its consistent delivery of quality content and its responsiveness to audience needs. Its viewership includes a wide demographic, ranging from young adults to older generations, reflecting its broad appeal.

Target Demographics

The channel targets viewers interested in comprehensive news coverage and in-depth analysis. It appeals particularly to individuals seeking detailed political updates, cultural programming, and investigative journalism. This diverse demographic strategy helps arutz 14 israel maintain a strong market share.

Competitive Landscape

Within Israel's competitive media environment, arutz 14 israel differentiates itself through its fast-paced news updates and commitment to editorial independence. It competes with other national broadcasters by offering unique perspectives and specialized content that resonates with its core audience.

Audience Engagement Strategies

To foster loyalty and interaction, arutz 14 israel employs various audience engagement techniques. These include interactive programming, social media integration, and viewer feedback mechanisms that allow the channel to adapt its content to viewer preferences.

Digital Presence and Online Accessibility

In the digital age, arutz 14 israel has expanded its presence beyond traditional broadcasting by embracing online platforms. This digital strategy enables it to reach a global audience and accommodate the consumption habits of modern viewers.

Official Website and Online Content

The official website of arutz 14 israel serves as a hub for news articles, video clips, and live stream access. It provides users with up-to-date information and a user-friendly interface for exploring the channel's diverse programming.

Social Media Integration

Arutz 14 israel actively engages with audiences on social media platforms, sharing news highlights, behind-the-scenes content, and interactive polls. This approach helps build a dynamic community and promotes real-time communication between the channel and its viewers.

Mobile Applications

To enhance accessibility, arutz 14 israel offers mobile applications compatible with various devices. These apps provide seamless access to live broadcasts, archived content, and notifications for breaking news, ensuring that users remain informed on the go.

- Comprehensive news coverage and analysis
- Diverse programming including culture and politics
- Multi-platform broadcasting and streaming
- Strong audience engagement and interactive features
- Robust digital presence with website and mobile apps

Arutz 14 Israel: Your Comprehensive Guide to Understanding the Channel

Are you interested in gaining a deeper understanding of Israeli news and perspectives? Do you want to access a diverse range of opinions and analyses beyond mainstream media narratives? Then you've come to the right place. This comprehensive guide delves into Arutz Sheva (also known as Arutz 14), a prominent Israeli news outlet, exploring its history, programming, perspectives, and influence on the Israeli media landscape. We'll examine its strengths and weaknesses, consider criticisms leveled against it, and provide you with the context needed to critically evaluate its content. This isn't just a surface-level overview; we'll dive deep into the nuances of Arutz 14's reporting and its place within the complex media ecosystem of Israel.

Arutz 14 Israel: A Historical Overview

Arutz Sheva, now often referred to as Arutz 14, wasn't born overnight. It has a long and interesting history, evolving from its beginnings as a relatively small religious Zionist radio station to its current status as a multimedia powerhouse with a significant online presence. Understanding this evolution is key to understanding its current editorial stance and audience appeal. Its establishment rooted in the desire to provide alternative news coverage from a distinctly religious Zionist perspective, a perspective often underrepresented in mainstream Israeli media. This founding principle has shaped its trajectory and continues to influence its programming today. The transition from primarily radio to a multimedia platform encompassing television, online news, and social media reflects the evolving media consumption habits of its target audience and the broader Israeli public. This evolution also broadened its reach, impacting its overall influence on the Israeli political and social discourse. The shift to Arutz 14 as a more frequently used name reflects a strategic move to align with the broader trend toward numbered channel designations in the Israeli media landscape.

Understanding Arutz 14's Programming and Content

Arutz 14's programming offers a wide array of content, ranging from hard news reports and political analysis to cultural programming and religious discussions. This diversity reflects its commitment to catering to a broad audience within its target demographic. However, the channel's content is undeniably shaped by its religious Zionist perspective, resulting in a unique slant on current events and political narratives. This perspective is evident not only in its news coverage but also in its choice of interviewees and the framing of discussions. It's crucial to acknowledge this inherent bias, allowing for a more informed consumption of the information presented. Analyzing the channel's coverage of key political events, such as elections or significant policy decisions, reveals its consistent alignment with a specific ideological stance. This isn't inherently negative; understanding this inherent bias is key to critically engaging with its output. The channel also engages in opinion-based programming, featuring talk shows and debates that showcase a range of viewpoints within the religious Zionist spectrum.

Arutz 14's Influence and Reach within Israeli Society

The influence of Arutz 14 within Israeli society cannot be ignored. While not reaching the mass audience of larger mainstream channels, it enjoys significant popularity and influence within its target demographic. Its online presence extends its reach beyond its traditional television viewers, allowing for broader engagement and discussion. Analyzing social media interactions and online commentary reveals the impact of Arutz 14's reporting on public opinion and political discourse, particularly among religious Zionist communities. The channel acts as a key source of information and analysis for this audience, shaping their understanding of current events and influencing their political views. However, it's essential to note that the channel's influence isn't uniform across the entire Israeli population. Its impact is most pronounced within specific social and political groups, highlighting the importance of understanding its target audience.

Criticisms and Controversies Surrounding Arutz 14

Like any news outlet, Arutz 14 has faced its share of criticism and controversy. Some critics argue that its reporting lacks objectivity and displays a significant pro-settlement bias. Others point to instances of perceived one-sidedness in its coverage of certain events. These criticisms often center on the channel's perceived tendency to favor a particular political and ideological perspective, sometimes at the expense of balanced reporting. It's important to engage with these criticisms critically, understanding both the arguments put forward and the context in which they are made. It's also important to note that these critiques are often mirrored by similar critiques leveled against other news outlets, highlighting the complexities and challenges inherent in unbiased media reporting in a highly polarized political climate.

Arutz 14 in the Broader Context of Israeli Media

Understanding Arutz 14 requires situating it within the broader context of the Israeli media landscape. The Israeli media environment is characterized by a diversity of perspectives and outlets, each with its own unique bias and target audience. Arutz 14 occupies a specific niche within this landscape, representing a distinct religious Zionist perspective that often contrasts with the mainstream narratives presented by other channels. Analyzing the interplay between Arutz 14 and other major Israeli news outlets reveals the diverse ways in which news is reported and interpreted in Israel. Comparing the coverage of the same events across different outlets highlights the importance of media literacy and critical consumption of news information.

Ebook Outline: Arutz 14 Israel: A Deep Dive

Author: Ethan Cohen

Introduction: Overview of Arutz 14 and the book's purpose.

Chapter 1: Historical Background: Tracing Arutz 14's evolution from its inception to its current multimedia platform.

Chapter 2: Programming and Content Analysis: Detailed examination of the channel's various programs and their inherent biases.

Chapter 3: Influence and Reach: Assessing Arutz 14's impact on Israeli society and its target demographic.

Chapter 4: Criticisms and Controversies: A balanced discussion of criticisms leveled against the channel and its reporting practices.

Chapter 5: Arutz 14 in the Israeli Media Ecosystem: Analyzing its place within the broader Israeli media landscape.

Conclusion: Summarizing key findings and offering concluding thoughts on Arutz 14's role in Israeli media.

(Detailed explanation of each chapter would follow here, expanding on the points mentioned above in roughly 300-400 words per chapter, maintaining a similar tone and style.)

FAQs

1. Is Arutz 14 a reliable news source? Reliability depends on your perspective and understanding of its inherent biases. It provides information from a specific viewpoint, which should be considered when evaluating its reports.
2. What is Arutz 14's political leaning? Arutz 14 is generally considered to have a right-wing,

religious Zionist leaning.

3. How can I access Arutz 14's content? Their content is accessible through their website and various streaming platforms.
4. Is Arutz 14 available in English? While primarily in Hebrew, some content may be available in English, particularly online.
5. Who is the target audience of Arutz 14? Primarily religious Zionist Israelis, although its online presence reaches a wider audience.
6. What are some common criticisms of Arutz 14? Critics often point to a lack of objectivity and a pro-settlement bias.
7. How does Arutz 14 compare to other Israeli news outlets? It presents a unique perspective, differing significantly from mainstream Israeli news channels.
8. What is the relationship between Arutz Sheva and Arutz 14? They are essentially the same entity; Arutz 14 is a more recent, commonly used name for the channel.
9. Does Arutz 14 offer live streaming? Check their website for current streaming options.

arutz 14 israel: BACK TO THE TRIBE Sarah Katz, 2021-08-18 In a post-Trump era which has coaxed a wealth of far right antisemitism from the woodwork, this book explores the comparatively insidious tendency of the far left to associate Jews with disproportionate privilege due to the conflation of the Ashkenazi majority with whiteness in contemporary identity politics, and how both diaspora Jewry and Israel can oppose such a notion by re-embracing their Middle Eastern roots.

arutz 14 israel: We Were Caught Unprepared Matt M. Matthews, 2011 This is a print on

demand edition of a hard to find publication. The fact that the outcome of the 2006 Hezbollah-Israeli War was, at best, a stalemate for Israel has confounded military analysts. Long considered the most professional and powerful army in the Middle East, with a history of impressive military victories against its enemies, the Israeli Defense Forces (IDF) emerged from the campaign with its enemies undefeated and its prestige tarnished. This historical analysis of the war includes an examination of IDF and Hezbollah doctrine prior to the war, as well as an overview of the operational and tactical problems encountered by the IDF during the war. The IDF ground forces were tactically unprepared and untrained to fight against a determined Hezbollah force. ¿An insightful, comprehensive examination of the war.¿ Illustrations.

arutz 14 israel: The Israeli Peace Movement Leonie Fleischmann, 2019-09-19 The Israeli peace movement has been in decline since the 2000s. In particular, the liberal Zionist groups, who call for peace for the sake of the security and continuity of Israel, have become paralysed and almost voiceless since the second Intifada. However, despite the stagnation around the Israeli-Palestinian Peace Process, this book argues that other important groups have emerged that present new ways to challenge the status quo. These are radical groups that act in solidarity with the Palestinians and human rights organisations and whose aim is to reveal the realities of the occupation and hold the government to account. Leonie Fleishmann argues that these groups have been, and remain, the agenda setters, pushing the more moderate groups to mobilise more quickly and encouraging them to take up more confrontational ideas. Using social movements theory, and based on 50 interviews and participant observation, this book sheds light on contemporary Israeli peace activism.

arutz 14 israel: God at Work Augustin D. Etienne, 2009-03-09 GOD AT WORK What do you say When for days in advance you are ordered to evacuate your home and then for hours you are bombarded with the imminent foreboding of a killer hurricane slowly fading out the sunlight? When the skies grow dim as billow after billow of ever darkening clouds unfurl menacingly blotting out the remaining shafts of sunlight? When jagged spears of lightening pierce the darkened shroud which has obscured the azure skies and the clatter of thunder race the stabs of light that accompany them in ever increasing rapidity which threaten to overtake the preceding duo? (97) What do you say when for days in advance you are ordered to evacuate home and, having failed to comply, for hours you are bombarded with the imminent foreboding of a killer hurricane slowly fading out the sunlight? When the skies grow dim as billow after billow of ever darkening clouds unfurl menacingly blotting out the remaining shafts of sunlight? When jagged spears of lightening pierce the darkened shroud which has enveloped the azure skies and the clatter of thunder race the stabs of light that accompany them in ever increasing rapidity which threaten to overtake the preceding duo?

arutz 14 israel: New Genetics, New Social Formations Peter Glasner, Paul Atkinson, Helen Greenslade, 2006-12-15 New genetic technologies cut across a range of public regulatory domains and private lifeworlds, often appearing to generate an institutional void in response to the complex challenges they pose. As a result, a number of new social formations are being developed to legitimate public engagement and avoid the perceived democratic deficit that may result. Papers in this volume discuss a variety of these manifestations in a global context, including: genetic data banks committees of inquiry non-governmental organisations (NGOs) national research laboratories. These institutions, across both health and agriculture, are explored in such diverse locations as Amazonia, China, Finland, Israel, the UK and the USA. This volume exhibits a clear thematic coherence around the impact of the new genetics and their associated technologies on new social formations, and the case studies included have a significant international focus, showing a balance between theoretical and empirical approaches in this rapidly changing field. This innovative new volume will be of interest to postgraduates and professionals in the fields of sociology, social anthropology, science and technology studies, and environmental studies.

arutz 14 israel: Secrets, Spies and 7/7 Tom Secker, 2014-07-28 On July 7th 2005 London suffered the worst terrorist attack in its history. Despite one of the largest police investigations ever to take place in Britain, to date not a single person has been found guilty for the atrocity that killed over 50 people. Using unsealed court documents and declassified intelligence agency files Secrets,

Spies and 7/7 takes you on a journey through the labyrinth of disinformation about the bombings. Drawing on over 7 years of research, Tom Secker shows how the official version of events, which blamed 4 British Muslim men, is a mess of contradictions, errors and fantasies. This unique investigation also explores the 'War on Terror' context in which the attacks took place and shows how an alternative look at the evidence suggests some very different culprits to those blamed by the official story.

arutz 14 israel: *Drawing Fire* Benjamin Pogrund, 2023-06-14 Benjamin Pogrund, who spent 26 years as a journalist in South Africa investigating apartheid and who has been living in Israel for the past 15 years, investigates the accusation that Israel is practicing apartheid and the motives of those who make it. His study is founded on a belief in Israel, combined with frank criticism, to provide a balanced view of Israel's strengths and problems. To understand Israel today, one must first look at the past and so the book first outlines key foundational events to explain current attitudes. It then explores the contradictions found in the region, including discrimination against Israeli Arabs and among Jews, before concluding that it is wrong to affix the apartheid label to Israel inside the Green Line of 1948/1967. It also deconstructs the criticisms of Israel and the boycott movement before arguing for two states, Israeli and Palestinian, as the only way forward for Jews and Arabs. This detailed and balanced study offers a unique comparison between South Africa a

arutz 14 israel: *Israel's Mediterranean Gas* Sujata Ashwarya, 2019-05-03 This book examines the internal and external implications of Israel's natural gas discoveries in the Eastern Mediterranean. The nation's changed status from being an importer of coal and oil to that of an exporter of natural gas has consequences not only for the energy sector but also for the fragile geopolitics of the region. The book: Explores the challenges and issues of energy economics and governance; Analyses Israel's gas diplomacy with its neighbours in the Middle East and North Africa and its potential positive impact on the amelioration of the Arab-Israeli conflict; Studies how Israel can avoid the deleterious impact of the Dutch disease once the government's share of the export revenues start flowing. The author traces a consummate picture of history, politics, and conflicts that shape the economics of energy in Israel and its future trajectories. A major intervention in Middle East studies, this volume will be of great interest to scholars and researchers of energy studies, development studies, strategic studies, politics, diplomacy, and international relations. It will also be of interest to government agencies, think-tanks, and risk management firms.

arutz 14 israel: *Israeli National Security* Charles David Freilich, 2018 The most comprehensive study to date of Israel's national security. It combines an exhaustive analysis of the military, diplomatic, demographic and societal challenges Israel faces, with the responses it has developed, to present a detailed proposal for an overall new national security strategy, the first such Israeli strategy ever published.

arutz 14 israel: *The Mystery of Israel and the Middle East* James W. Goll, 2021-09-14 You Can Help Compose History before the Throne of the Almighty! Pages are turning on God's prophetic calendar, approaching that glorious day when His Son will step once again into the world of time and space. What is the key to this timetable? The answer is Israel. And the controversy over her destiny affects every nation on earth. In an urgent plea for prophetic watchmen, James W. Goll calls you to join the global prayer movement to remind God of His promises toward His ancient covenant people, according to a targeted biblical plan. He discusses fascinating fulfillments to biblical prophecy, right up to the present day; seven reasons to pray and stand for Israel; and guidelines to praying for all the descendants of Abraham--the offspring of Hagar, Sarah and Keturah--Jew and Arab alike. Join with watchmen worldwide to remind God of His prophetic calendar, and watch as He fulfills His promises to Israel! Readers of this edifying and scripturally rich book will learn how to pray and intercede for Israel, as well as see more clearly how what we do personally contributes to the unfolding of these eternal purposes.--Dr. Michael L. Brown, host of the Line of Fire broadcast; author, *Has God Failed You?* Portions of this book were previously published in *Praying for Israel's Destiny* and *The Coming Israel Awakening*.

arutz 14 israel: Nations, Language and Citizenship Norman Berdichevsky, 2004-03-05 This study evaluates the importance of language in achieving a sense of national solidarity, considering factors such as territory, religion, race, historical continuity, and memory. It investigates the historical experiences of countries and ethnic or regional minorities according to how their political leadership, intellectual elite, or independence movements answered the question, Who are we? The Americans, British, and Australians all speak English, just as the French, Haitians, and French-Canadians all speak French, sharing common historical origin, vocabulary and usage--but each nationality's use of its language differs. So does language transform a citizenry into a community / or is a national language the product of ideology? This work presents 26 case studies and raises three questions: whether the people of independent countries consider language the most important factor in creating their sense of nationality; whether the people living in multi-ethnic states or as regional minorities are most loyal to the community with which they share a language or the community with which they share citizenship; and whether people in countries with civil strife find a common language enough to create a sense of political solidarity. The study also covers hybrid languages, language revivals, the difference between dialects and languages, government efforts to promote or avoid bilingualism, the manipulation of spelling and alphabet reform. Illustrations include postage stamps, banknotes, flags, and posters illustrating language controversies. Instructors considering this book for use in a course may request an examination copy here.

arutz 14 israel: From Jerusalem to the Lion of Judah and Beyond Steven Carol, 2012-04-28 From Jerusalem to the Lion of Judah and Beyond provides the most thorough analysis of Israel's foreign policy towards East Africa. Since its modern reestablishment, Israel has sought political allies in the international community. To achieve that goal, Israel offers technological, economic and military assistance to developing nations. Historically, four East African countries--Ethiopia, Kenya, Uganda, and Tanzania--were prime beneficiaries of that effort. Later, these efforts were extended to Eritrea and South Sudan. Israel has been demonstrating its willingness to offer a far greater share of its limited resources to international assistance, than practically any other nation, large or small. Since 1948, Israel's foreign policy towards East Africa exemplifies these immortal words: I will also give thee [Israel] for a light to the nations, that My salvation may be unto the end of the earth. Isaiah 49:6. The chronicles of these laudable activities are little known, even to post World War II historians. No other book to date covers this subject in as much depth. Anyone seeking a more profound understanding of Israel's foreign policy, as well as its historic relationship with East Africa, will find From Jerusalem to the Lion of Judah and Beyond of interest.

arutz 14 israel: Israel and the Cyber Threat Charles D. Freilich, Matthew S. Cohen, Gabi Siboni, 2023 This book offers the first comprehensive examination of Israeli policies and practice in both the civil and military cyber realms and insights into what other countries can learn from its experience. The book is designed for cyber theorists and practitioners, people interested in the Middle East, and general audiences. It explores how and why Israel has become a global cyber power, despite its small size, arguing that a combination of strategic and economic necessity, along with an innovative culture, has driven Israel's success. The Israeli cyber experience is studied in the lens of realist and constructivist international relations theories and analyzes many of the major quandaries facing cyber theorists and practitioners alike. The book focuses both on Israel's civil and military cyber strategies, including the organizational structures and policies it has put in place, national capacity building, including the unique contribution of the IDF and defense establishment to Israel's cyber ecosystem, and international cyber cooperation. It presents a comprehensive picture of all significant cyber attacks conducted against Israel, including a comprehensive picture of Iran's cyber policies, institutions and capabilities. Particular attention is devoted to Israel's military cyber

response, including the cyber attacks it has known to have conducted. Each chapter takes an in depth look at the major actions Israel has taken in a different dimension of the cyber realm, placing them in a broader context to help readers understand state behavior in the cyber realm generally. The book concludes with the first proposal for a comprehensive Israeli national cyber strategy--

arutz 14 israel: Faith of the Ages Richard Rhoades, 2012-11 For centuries, most Christians have believed that Jesus was a fair-skinned, blue-eyed Gentile, and that because the New Testament was written in Greek the study of its Greek roots should take priority over the study of the Hebrew Scriptures. In recent decades, those conceptions have begun to change. Jewish and Christian scholars have engaged together in examining the Jewishness of Jesus, the Hebrew origins of Christianity, and the Hebraic origins of Scripture with renewed interest. In *Faith of the Ages*, author Richard Rhoades explores the Jewishness of Jesus, the first century community of believers and when, where, how, and why early Christian leaders rejected those Hebraic origins. *Faith of the Ages* investigates the origins of the Christian Church and looks at the anti-Semitism of the Greek and Latin Church fathers, the Roman Emperor Constantine, Roman Catholic Church authorities, and leaders of the Reformation, who all played a major role in moving Christianity away from its Hebraic roots. Rhoades also examines passages of Scripture that Catholic and Protestant translators have changed by adding to and subtracting from certain words found in the ancient Greek manuscripts. Simply stated, *Faith of the Ages* answers questions about the Jewishness of Jesus, the first century community of believers, the Hebraic roots of the Christian faith and its rich Hebrew heritage, and provides a compelling historical and biblical impetus for believers to reexamine their Christian faith.

arutz 14 israel: New Antisemitism Michael Laitman, 2022-09-11 From the bestselling author of *The Jewish Choice* and *A Very Narrow Bridge*, a penetrating and provocative analysis of the rise and threat of the hate that never dies - focusing on an end-game solution that is both ancient and cutting-edge. Why does antisemitism endure and transcend national borders, cultures, and epochs - regardless of how Jews behave or strive to combat it? Whether religious or secular, living in Israel or abroad, living quietly or innovating the world's great technologies and companies, regardless of what Jews do antisemitism keeps rearing its head - most virulently in times of global crisis as the world is in today. Solutions like improving how Jews are portrayed in the media, policy changes, rallies, and monitoring antisemitic events have all run parallel to the recent meteoric rise in the very hatred they aim to curb. What if the solution lay elsewhere entirely, hiding in plain sight for over two thousand years? A dazzling kaleidoscopic interplay of history, science, and ancient wisdom, *New Antisemitism: Mutation of a Long-Lived Hatred* is must-reading for anyone who seeks to understand the indefatigable nature of this social virus, and its long-overlooked, practically free solution that lives in the heart of every Jew.

arutz 14 israel: Gathered Against Jerusalem Eugene Narrett, 2000 A scintillating analysis of the dangers of the Oslo Peace Process and the chance for the current crisis to lead to Israeli renewal and world peace. Professor Narrett's articles are insightful, scholarly and graced by literary style and originality. He is a man of truth who displays impressive erudition in writing on the Israeli-Arab conflict. -Professor Paul Eidelberg, President, Foundation of Constitutional Democracy, author, *Judaic Man, Jewish Statesmanship* Eugene Narrett writes with a great deal of knowledge and intelligence, and far more understanding of the issues than many so-called 'Middle East experts.' -Professor Rael Jean Isaac, editor, *The Outpost*, author, *Israel Divided* Professor Narrett is one of the few academics who has had a clear understanding of the dangers inherent in the peace process from the outset. His prophetic writings lucidly present complex issues, displaying profound understanding, depth of feeling and love of Israel. We are fortunate to have this extraordinary collection, an invaluable resource to the concerned reader. -Helen Freedman, Executive Director, Americans for a Safe Israel One of the most prolific and intelligent Zionist thinkers in the United States today, Eugene Narrett's comments on the politics of the Middle East should be required reading. His keen eye and sharp wit make him a great American and Jewish resource. -Professor Steven Plaut, University of Haifa I have avidly followed Professor Narrett's work. His scintillating analysis will be proved right after all the politicians and international statesmen will be shown to

have been dead wrong. His wise and insightful writings are a badge of courage. -Miriam Samsonowitz, Studio Har Chotzvim, Jerusalem, Israel

arutz 14 israel: *American Presidents and Israeli Settlements since 1967* Michael F. Cairo, 2022-07-15 Tracing presidential administrations since Lyndon B. Johnson, this book argues that the Trump administration's policy toward Israeli settlements in the West Bank and Jerusalem is not an aberration but the culmination of over 50 years of American foreign policy. Under the Johnson administration, the United States rhetorically supported the applicability of international law regarding Israeli settlements. However, throughout the 1970s, administrations did little to reverse the construction and expansion of settlements. Moreover, presidents sent mixed signals regarding Israel's withdrawal from the occupied territories. The Israeli settlement movement received support when Reagan argued that settlements were not illegal. Since then, American presidents have opposed settlement activity to various degrees, but not based on their illegality. Rather, presidents have described them as unwise, unhelpful, or obstacles to peace. Even when presidents have had opportunities to confront Israeli settlements directly, domestic pressure and America's special relationship with Israel have prevented serious action beyond rhetoric and condemnation. This volume will be of interest to scholars and students of the history and politics of American foreign policy, American relations with Israel, and the Israeli-Palestinian conflict.

arutz 14 israel: Hollywood and Israel Tony Shaw, Giora Goodman, 2022-03-08 Winner, 2023 Shapiro Best Book Award, Association for Israel Studies From Frank Sinatra's early pro-Zionist rallying to Steven Spielberg's present-day peacemaking, Hollywood has long enjoyed a "special relationship" with Israel. This book offers a groundbreaking account of this relationship, both on and off the screen. Tony Shaw and Giora Goodman investigate the many ways in which Hollywood's moguls, directors, and actors have supported or challenged Israel for more than seven decades. They explore the complex story of Israel's relationship with American Jewry and illuminate how media and soft power have shaped the Arab-Israeli conflict. Shaw and Goodman draw on a vast range of archival sources to demonstrate how show business has played a pivotal role in crafting the U.S.-Israel alliance. They probe the influence of Israeli diplomacy on Hollywood's output and lobbying activities, but also highlight the limits of ideological devotion in high-risk entertainment industries. The book details the political involvement with Israel—and Palestine—of household names such as Eddie Cantor, Kirk Douglas, Elizabeth Taylor, Barbra Streisand, Vanessa Redgrave, Arnold Schwarzenegger, Robert De Niro, and Natalie Portman. It also spotlights the role of key behind-the-scenes players like Dore Schary, Arthur Krim, Arnon Milchan, and Haim Saban. Bringing the story up to the moment, Shaw and Goodman contend that the Hollywood-Israel relationship might now be at a turning point. Shedding new light on the political power that images and celebrity can wield, *Hollywood and Israel* shows the world's entertainment capital to be an important player in international affairs.

arutz 14 israel: *Israel and the Diaspora: Jewish Connectivity in a Changing World* Robert A. Kenedy, Uzi Rebhun, Carl S. Ehrlich, 2022-05-03 This collected volume is based on the proceedings of a symposium held in 2018 at York University, Canada, which was held to commemorate the 70th anniversary of Israel. This symposium highlighted contemporary Jewish identity, Israel-Diaspora relations, and how Jewish life has been transformed in light of various types of antisemitism. The book considers the diasporic Jewish experiences through examining the intersections between various Jewish communities sociologically, historically, and geographically. The text covers world Jewry in general, and each of the diaspora and Israeli Jewries more specifically in the context of mutual responsibility, but also focuses on areas of tension concerning values and political matters. The challenges of antisemitism, racism, and nationalism are explored in terms of the relationship of the Jewish diasporas to their host countries. This text also covers antisemitism, which may take the form of traditional antisemitism or of the new antisemitism in the era of anti-Israel activity related to the Boycott, Divestment, and Sanctions movement. The latter movement is especially prevalent on university campuses and has an impact on students, faculty, and staff. This volume is unique in its international perspective in examining issues of Jewish

identity, Israel-diaspora relations, and antisemitism and will appeal to students and researchers working in the field.

arutz 14 israel: War Experience and Memory in Global Cultures Since 1914 Angela K. Smith, Sandra Barkhof, 2018-05-11 This edited collection explores and develops representations of war experience from 1914 to the ongoing conflicts of the 21st century, through the specific lens of memory. It builds on recent explorations of the importance of war experience in shaping cultural memory that have focused on the aftermath of the First World War and the Second World War, particularly through Holocaust studies. These essays, by a range of international and interdisciplinary scholars, broaden the scope considerably, examining the alternate spaces of the First World War and those that followed it through a range of different media, offering an artistic trajectory to the centennial commemorations of 2014-18.

arutz 14 israel: Messianic Religious Zionism Confronts Israeli Territorial Compromises Motti Inbari, 2012-08-27 The Six Day War in 1967 profoundly influenced how an increasing number of religious Zionists saw Israeli victory as the manifestation of God's desire to redeem God's people. Thousands of religious Israelis joined the Gush Emunim movement in 1974 to create settlements in territories occupied in the war. However, over time, the Israeli government decided to return territory to Palestinian or Arab control. This was perceived among religious Zionist circles as a violation of God's order. The peak of this process came with the Disengagement Plan in 2005, in which Israel demolished all the settlements in the Gaza Strip and four settlements in the West Bank. This process raised difficult theological questions among religious Zionists. This book explores the internal mechanism applied by a group of religious Zionist rabbis in response to their profound disillusionment with the state, reflected in an increase in religious radicalization due to the need to cope with the feelings of religious and messianic failure.

arutz 14 israel: Strategies for Media Reform Jonathan A. Obar, Cheryl Martens, Robert W. McChesney, 2016-08-04 Media reform plays an increasingly important role in the struggle for social justice. As battles are fought over the future of investigative journalism, media ownership, spectrum management, speech rights, broadband access, network neutrality, the surveillance apparatus, and digital literacy, what effective strategies can be used in the pursuit of effective media reform? Prepared by thirty-three scholars and activists from more than twenty-five countries, *Strategies for Media Reform* focuses on theorizing media democratization and evaluating specific projects for media reform. This edited collection of articles offers readers the opportunity to reflect on the prospects for and challenges facing campaigns for media reform and gathers significant examples of theory, advocacy, and activism from multinational perspectives.

arutz 14 israel: *Israel and the Neoconservatives* Adam L. Fuller, 2019-11-08 For forty years, the neoconservatives have been an influential wing on the American Right. Their critics accuse them of being more loyal to a foreign government than to American interests. But is that true? In this book, the author argues that their support of Israel is rooted just as much in their liberal-democratic priorities.

arutz 14 israel: The Palestine Strategic Report 2016-2017 Dr. Mohsen Mohammad Saleh , 2018-11-19 This annual referential report, has become an essential classic in the academic realm of Palestinian Studies. It includes the latest and most recent statistical and analytic data on the various developments related to the Palestinian issue. **

arutz 14 israel: The War on Women in Israel Elana Maryles Sztokman, 2014-09-16 THIS EYE-OPENING LOOK AT THE RISING OPPRESSION OF ISRAELI WOMEN OFFERS A RALLYING CRY FOR HOW WOMEN EVERYWHERE CAN FIGHT BACK. ACROSS ISRAEL—one of the world's most democratic countries—women are being threatened and abused as ultra-Orthodox Jewish factions seek to suppress them. In this stunning exposé, award-winning author and leading Jewish women's activist Elana Sztokman reveals the struggles of Israeli women against this increasing oppression, from segregation on public buses—in a move Hillary Clinton called reminiscent of Rosa Parks—to being silenced in schools and erased from newspapers and ads. This alarming patriarchal backlash isn't limited to Israel either: its repercussions endanger the rights and freedoms of women

from Afghanistan to America. But there's hope as well: courageous feminist activists within the Orthodox world are starting to demand systemic change on these fronts, and, with some support from non-Orthodox advocates, they're creating positive reforms that could help women everywhere. Blending interviews with original investigative research and historical context, Sztokman traces the evolution of this struggle against oppression and proposes solutions for creating a different, more egalitarian vision of religious culture and opportunity in Israeli society and around the world. Fearless and inspiring, *The War on Women in Israel* brings to light a major social and international issue and offers a rousing call to action to stop the repression of women in Israel and worldwide.

arutz 14 israel: Christian Zionism in the 21st Century, 2023-11-14 In *Christian Zionism in the Twenty-First Century* authors Motti Inbari and Kirill Bumin draw on three original surveys conducted in 2018, 2020, and 2021 to explore the religious beliefs and foreign policy attitudes of evangelical and born-again Christians in the United States. They analyze the views of ordinary churchgoers and evangelical pastors to understand the religious, social, and political factors that lead the members of this religious community to support the State of Israel in the Israeli-Palestinian conflict. Through rigorous quantitative analyses and careful textual study of ordinary evangelicals' written comments, Inbari and Bumin aim to rectify misconceptions about who evangelical and born-again Christians are, about their sympathies toward Israel, Jewish people, and Palestinians, and about the sources of their foreign policy attitudes toward the conflict. Inbari and Bumin demonstrate that a generational divide is emerging within the evangelical community, one that substantially impacts evangelicals' attitudes toward Israel. They also show that frequent church attendance and certain theological beliefs have a profound impact on the evangelicals' preference of Israel over the Palestinians. Throughout, the authors aim to add nuance to the discussion, showing that contemporary evangelical and born-again Christians' attitudes are much more diverse than many portrayals suggest.

arutz 14 israel: Iran, Israel, and the United States Ofira Seliktar, Farhad Rezaei, 2018-06-20 This book analyzes the process of evaluating Iran's nuclear project and the efforts to roll it back, resulting in the 2015 nuclear agreement known as the Joint Comprehensive Plan of Action (JCPOA). Despite its aura of scientific exactitude, nuclear intelligence is complex and susceptible to methodological disagreements and political bias at the international oversight level—the International Atomic Energy Agency (IAEA)—and within the countries involved in the rollback project – Israel and the United States. To highlight both the technological problems of assessing compliance and the politicization, each chapter in the book uses a real-time comparison of the nuclear developments in Iran, and the perception of Israel and the United States. This methodology yielded some significant results. Essentially, two camps had formed in each country; those who were pushing for an agreement with Iran and those who opposed it. The Israeli intelligence agencies – the Mossad and the Military Intelligence – as well as the highly secretive Israeli Atomic Energy Commission (IAEC) which advised them considered the program to be weak and slow moving. The right-wing government of Benjamin Netanyahu suggested that Iran was steps away from the “point of no return,” making it an existential threat to Israel. A virtually identical split emerged in Washington. While the intelligence community and the advising scientists from the National Nuclear Laboratories, considered Iran progress to be relatively modest, the Republicans and the Israel lobby – the Jewish organizations and the Christian Zionists— warned of the imminent danger of a nuclear Iran. With the Obama administration pushing for the JCPOA, a fierce debate took place in Congress. The Israeli intelligence and military chiefs led by the Mossad chief Meir Dagan, which had previously blocked Netanyahu from a preemptive action, quietly supported the agreement. In Washington, the Israel lobby, and the Republicans, helped by Netanyahu, mounted an all-out effort to defeat the deal in Congress. The pro-deal coalition fought back by mobilizing the scientific community, military and intelligence officials, the business lobby, and grassroots Democrats. The JCPOA represents the first successful effort of peaceful counterproliferation. At the same, excessive politicization has clouded its legitimacy and cast doubt about its future.

arutz 14 israel: Hezbollah James Worrall, Simon Mabon, Gordon Clubb, 2015-11-10 This

detailed analysis follows the rise and evolution of Hezbollah from an Islamic resistance movement to its role as a governing force in Lebanon, exploring the group's impact on the security and power dynamics in the Middle East. This is the first book of its kind to offer a comprehensive study of Hezbollah, providing an overview of the organization's key personalities, events, and structures over the past three decades. Inspired by the latest terrorism research and contemporary developments in the Middle East, the book reflects upon Hezbollah's religious foundations and its present role as a player in Middle East relations. Chapters place Hezbollah within the Middle East security environment, analyzing the rise of the Party of God within the context of Iranian-inspired Shi'a activism, examining the ideological underpinnings of the movement, and addressing its dominant political position post Arab Spring. This authoritative volume introduces the party's full range of activities, including resistance, propaganda, organized crime, and educational facilities. The content highlights Hezbollah's role as a social welfare provider—specifically, the types of aid given, the source of financing for the endeavor, and the challenge this role presents to the Lebanese state.

arutz 14 israel: Obama's True Legacy Jamie Glazov, 2023-05-15 The Biden administration may go down in history as the most disastrous presidency in American history. It did not, however, spring up out of nothing. The Biden era's America-Last, economically and socially destructive policies virtually all originated in the Obama administration. The Biden team, of course, is made up of numerous Obama holdovers, and there is widespread suspicion that the man who is really pulling the strings for Biden is none other than Barack Obama himself. Barack Obama's True Legacy details just how bad the Obama years really were for America and Americans, and shows how the country is now suffering from a resurgence of these sinister policies after the four-year respite of the Trump administration. The book is a collection of new, original non-published essays written by an organized group of prominent, conservative intellectuals on how Obama transformed America, documenting the suppressed details of how the ex-president was—and still is—a major national security threat to America. Barack Obama's True Legacy is a one-volume guide to how the Democrat Party went so drastically wrong, and why it is such a dangerous and catastrophic force in the White House and the country at large today. It all goes back to one man: Barack Hussein Obama.

arutz 14 israel: Understanding the Volatile and Dangerous Middle East Steven Carol, 2019-09-26 The Middle East can be bewildering, which is why we need to connect the dots that pull together the political, economic, diplomatic, military, cultural, and religious pieces of the puzzle. Professor Steven Carol slashes through the confusion with a topical approach, focusing on key issues such as the geographic features of the Middle East, demographics of the region, the influence of Islam, political processes, shifting alliances, war in the region, and the need for security. He also takes a careful look at perpetual negotiations, attempts to secure peace, and the role that the media play in how we view the region. His goal: to clarify the confusing nature of Middle East affairs and to combat the mistaken beliefs, misrepresentations, and outright fabrications about the region. In a bid to reclaim the truth, he shares basic principles, relying on factual supporting evidence to prove their validity. Seventy-eight maps and numerous tables make understanding complex topics easier. Whether you're a student, educator, bureaucrat or politician, you'll find insights based on facts in Understanding the Volatile and Dangerous Middle East.

arutz 14 israel: The Contest and Control of Jerusalem's Holy Sites Marshall J. Breger, Leonard M. Hammer, 2023-07-31 The Holy Places of Jerusalem's Old City are among the most contested sites in the world and the 'ground zero' of the Israeli-Palestinian conflict. Tensions regarding control are rooted in misperceptions over the status of the sites, the role of external bodies such as religious organizations and civil society, and misunderstanding regarding the political roles of the many actors associated with the sites. In this volume, Marshall J. Breger and Leonard M. Hammer clarify a complex and fraught situation by providing insight into the laws and rules pertaining to Jerusalem's holy sites. Providing a compendium of important legal sources and broad-form policy analysis, they show how laws pertaining to Holy Places have been implemented and engaged. The book weaves aspects of history, politics, and religion that have played a role in creation and identification of the 'law.' It also offers solutions for solving some of the central

challenges related to the creation, control, and use of Holy Places in Jerusalem.

arutz 14 israel: Rabbis, Reporters and the Public in the Digital Holyland Yoel Cohen, 2023-12-21 Focused on the triangular relationship between rabbis, journalists and the public, this book analyses each group's role in influencing the agenda around religion in Israel. The book draws upon the author's original research, comprising an analysis of the coverage of religion on four Israeli news websites, a series of surveys of rabbis, journalists, and the public, as well as a large number of interviews conducted with a range of stakeholders: community rabbis, teacher rabbis, and religious court judges; reporters, editors, and spokespersons; and the Israeli Jewish public. Key questions include: What are rabbis' philosophical views of the media? How does the media define news about Judaism? What aspect of news about religion and spirituality interest the public? How do spokespersons and rabbis influence the news agenda? How is the triangular relationship between rabbis, journalists and the public being altered by the digital age? Despite a lack of understanding about mass media behaviour among many rabbis, and, concurrently, a lack of knowledge about religion among many journalists, it is argued that there is shared interest between the two groups, both in support of mass-media values like the right to know and freedom of expression. It is further argued that the public's attitude to news about religion is significant in determining what journalists should publish. The book will be of interest to those studying mass communications, the media, Judaism and Israeli society, as well as researchers of media and religion.

arutz 14 israel: Criminal Justice in International Society Willem de Lint, Marinella Marmo, Nerida Chazal, 2014-01-03 This book adopts a critical criminological approach to analyze the production, representation and role of crime in the emerging international order. It analyzes the role of power and its influence on the dynamics of criminalization at an international level, facilitating an examination of the geopolitics of international criminal justice. Such an approach to crime is well-developed in domestic criminology; however, this critical approach is yet to be used to explore the relationship between power, crime and justice in an international setting. This book brings together contrasting opinions on how courts, prosecutors, judges, NGOs, and other bodies act to reflexively produce the social reality of international justice. In doing this, it bridges the gaps between the fields of sociology, criminology, international relations, political science, and international law to explore the problems and prospects of international criminal justice and illustrate the role of crime and criminalization in a complex, evolving, and contested international society.

arutz 14 israel: Jerusalem Viewpoints , 2004

arutz 14 israel: Conspiracy U Scott A. Shay, 2021-10-05 In *Conspiracy U*, Shay presents a case study of his alma mater, Northwestern University, in order to challenge the proliferation of anti-Zionist conspiracy theories championed on college campuses by both the far right and far left. Shay tackles the thorny question of how otherwise brilliant minds willingly come to embrace and espouse such patent falsehoods. He explains why Zionism, the movement for Jewish national self-determination, has become the focal point for both far-right and far-left conspiracy theories. His keen analysis reveals why Jews serve as the canary in the coal mine. *Conspiracy U* delivers an urgent wake-up call for everyone who cares about the future of civil society and is concerned that universities today are failing at teaching students how to strive for truth but rather guiding students to blindly trust theories driven by ideology. The book provides a roadmap for reform based on universal moral and intellectual standards and offers a way out of the culture wars that are ripping America apart.

arutz 14 israel: Our Separate Ways Dana H Allin, Steven N Simon, 2016-06-07 Anger and distrust have strained the U.S.-Israeli alliance as the Obama administration and Netanyahu government have clashed over Israeli settlements, convulsions in the Arab world, and negotiating with Iran. *Our Separate Ways* is an urgent examination of why the alliance has deteriorated and the dangers of its neglect. Powerful demographic, cultural, and strategic currents in Israel and the United States are driving the two countries apart. In America, the once-solid pro-Israel consensus is being corroded by partisan rancor, which also pits conservative Jews against the more liberal Jewish

majority. In Israel, surveys of young Jewish citizens reveal a disdain for democracy, and, in some cases, a readiness to curb the civil liberties of non-Jews. Prospects for preserving a liberal Zionism against the pressures for Greater Israel are dimming as hopes for a two-state solution fade. The acrimony between President Barack Obama and Prime Minister Benjamin Netanyahu has been a symptom, not cause, of the deeper crisis. If the alliance becomes just a transactional arrangement, then the moral, emotional, and largely intangible bonds that have long tied the two countries together will continue to weaken. Going separate ways at a time of Middle East chaos, and despite profound historical commitment, would be an immense tragedy. The partnership must restore the shared vision that created it.

arutz 14 israel: How Long Will Israel Survive? Gregg Carlstrom, 2017-11-01 Israel is surrounded by an array of ever-changing threats. But what if its most serious challenge comes from within? There was once a national consensus in Israeli society: politics was split between left and right, but its people were broadly secular and liberal. Over the past decade, the country has fractured into tribes---disparate groups with little shared understanding of what it means to be a Zionist, let alone an Israeli. A once-unified population fights internecine battles---over religion and state, war and peace, race and identity---contesting the very notion of a 'Jewish and democratic' state. While this shift has profound implications for Israel's relationship with the broadly liberal Jewish diaspora, the greatest consequences will be felt at home. Israel's tribes increasingly lead separate lives; even the army, once a great melting-pot, is now a political and cultural battleground. Tamir Pardo, former head of Mossad, has warned of the risk of civil war. Gregg Carlstrom maps this conflict, from cosmopolitan Tel Aviv to the hilltops of the West Bank, and asks a pressing question: will the Middle East's strongest power survive its own internal contradictions?

arutz 14 israel: International Arbitration Hong Kong International Arbitration Centre (HKIAC), 2019-01-17 On the occasion of his 75th birthday, Neil Kaplan's unparalleled influence in the field of international arbitration is celebrated in this book which comprises contributions from over twenty-five renowned international arbitration practitioners, all of whom credit Kaplan as having impacted the development of arbitration in their respective jurisdictions or professionally. The book is constructed as a three-part compendium as follows: • the Kaplan Lectures, an annual series established to bring some of the best minds in international arbitration to Hong Kong to address current and practical issues; • key decisions and arbitration awards rendered by Kaplan, with commentaries that make current the issues arising out of these judgments and also provide an in-depth analysis of important issues emanating from his treaty arbitration awards; • articles showcasing the reach of Kaplan's influence through reflections by several of his former assistants who are now making a mark in their own right in the international arbitration community. Arbitration practitioners will welcome this book for its practical analysis of some of the most discussed and debated 'hot issues' in arbitration law and practice today. In addition, the commentaries on Kaplan's key decisions offer especially insightful guidance for practitioners, academics and students in the field of international arbitration.
