Below is a detailed table of contents outlining the main topics covered in this article:

- Understanding Dr. Orna Guralnik's Professional Background
- Typical Appointment Costs for Dr. Orna Guralnik
- Factors Influencing the Cost of Appointments
- Insurance and Payment Options
- How to Prepare for Your Appointment
- Benefits of Investing in Quality Psychological Care

Understanding Dr. Orna Guralnik's Professional Background

Dr. Orna Guralnik is a clinical psychologist renowned for her expertise in psychotherapy and mental health counseling. With years of experience in clinical practice, she specializes in helping individuals navigate complex emotional challenges, trauma, anxiety, depression, and relationship issues. Dr. Guralnik is known for her empathetic and individualized approach to therapy, tailoring treatment plans to meet the unique needs of each client.

Her professional credentials and extensive training contribute to the high demand for her services, which is reflected in the appointment costs. Understanding her background helps contextualize the value clients receive during consultations and therapeutic sessions.

Typical Appointment Costs for Dr. Orna Guralnik

The cost of an appointment with Dr. Orna Guralnik typically varies depending on the type and length of the session. Standard therapy sessions generally last between 45 to 60 minutes, with fees structured accordingly. It is important to note that Dr. Guralnik's rates are competitive with other licensed clinical psychologists in her geographic region and reflect her high level of expertise.

Standard Session Fees

Most therapy appointments with Dr. Guralnik range from \$200 to \$350 per session. This fee encompasses individual psychotherapy, initial consultations, and follow-up sessions. The variance in price depends on factors such as session length and complexity of the client's needs.

Extended or Specialized Sessions

For sessions that require extended time beyond the standard hour or specialized therapeutic interventions, the cost may increase. These sessions are designed to address more intensive mental health issues or provide comprehensive assessments.

Factors Influencing the Cost of Appointments

Several factors influence the Dr. Orna Guralnik appointment cost, impacting how much a client pays per session. Understanding these variables allows potential clients to anticipate expenses and budget accordingly.

Location and Office Overhead

The geographic location of Dr. Guralnik's practice affects appointment costs due to regional economic conditions and office expenses. Cities with higher costs of living typically have correspondingly higher therapy fees.

Experience and Specialization

Dr. Guralnik's extensive experience and specialized training in clinical psychology contribute to higher session fees compared to less experienced practitioners. Clients benefit from her expertise, which justifies the investment in her services.

Session Length and Frequency

The duration and frequency of appointments also impact the overall cost. Longer sessions or multiple weekly appointments will increase total expenses over time.

Type of Therapy Provided

The specific therapeutic approach, such as cognitive-behavioral therapy, psychoanalysis, or trauma-focused therapy, may require different preparation and resources, influencing the appointment cost.

Insurance and Payment Options

Insurance coverage and payment methods are critical considerations for clients when evaluating Dr. Guralnik's appointment cost. Understanding how payment works can ease financial concerns and improve access to care.

Insurance Coverage

Dr. Guralnik may accept a range of health insurance plans, including major PPO and HMO policies. However, coverage levels vary widely depending on the insurer and specific plan benefits. Clients should verify with their insurance provider whether psychological services by Dr. Guralnik are covered and what portion of the cost is reimbursed.

Out-of-Pocket Payments

For clients without insurance or those whose plans do not cover Dr. Guralnik's services, out-of-pocket payment is required. Many clients opt for this method due to the premium quality of care and confidentiality.

Sliding Scale and Financial Assistance

Some therapists offer sliding scale fees based on income, but this depends on the provider. Clients should inquire directly with Dr. Guralnik's office about any available financial assistance or flexible payment plans.

How to Prepare for Your Appointment

Preparation helps maximize the effectiveness of therapy sessions and ensures a smoother experience. Knowing what to expect regarding dr orna guralnik appointment cost and session structure can also reduce anxiety.

- Confirm appointment fees and payment methods ahead of time
- Gather relevant medical and psychological history documentation
- Prepare a list of current concerns and therapy goals
- Plan for session duration and potential scheduling of follow-ups
- Verify insurance details and coverage limits if applicable

Benefits of Investing in Quality Psychological Care

Investing in therapy with an experienced psychologist like Dr. Orna Guralnik offers numerous benefits that justify the appointment cost. Professional mental health care can lead to significant improvements in emotional well-being, coping strategies, and overall quality of life.

Clients receive personalized treatment plans, evidence-based interventions, and ongoing support tailored to their unique needs. The expertise provided helps address underlying psychological issues, promote resilience, and foster long-term mental health.

In summary, understanding the dr orna guralnik appointment cost is essential for anyone considering her psychological services. By evaluating the factors that influence fees, insurance options, and preparation strategies, clients can make informed decisions that support their mental health journey effectively.

Frequently Asked Questions

How much does an appointment with Dr. Orna Guralnik typically cost?

The cost of an appointment with Dr. Orna Guralnik varies depending on the type and length of the session, but it generally ranges from \$250 to \$400 per session.

Does Dr. Orna Guralnik accept insurance for therapy sessions?

Dr. Orna Guralnik primarily operates on a private pay basis and may not accept insurance directly, but clients can often submit receipts for reimbursement depending on their insurance plans.

Are there any sliding scale fees available for Dr. Orna Guralnik's appointments?

There is no publicly available information indicating that Dr. Orna Guralnik offers sliding scale fees; prospective clients should contact her office directly to inquire about any financial accommodations.

How can I book an appointment with Dr. Orna Guralnik and inquire about the cost?

You can book an appointment by contacting Dr. Orna Guralnik's office through her official website or phone number, where you can also ask about the current appointment fees and any payment policies.

Is the cost of an appointment with Dr. Orna Guralnik comparable to other clinical psychologists in New York?

Yes, Dr. Orna Guralnik's appointment fees are generally consistent with experienced clinical psychologists in New York City, reflecting her expertise and credentials.

Are there any additional costs besides the appointment fee when seeing Dr. Orna Guralnik?

Additional costs may include fees for extended sessions, specialized assessments, or canceled appointments without proper notice. It's best to confirm these details directly with her office.

Decoding the Cost of a Dr. Orna Guralnik Appointment: A Comprehensive Guide

Introduction:

Are you considering scheduling an appointment with the renowned Dr. Orna Guralnik? Her expertise in [mention Dr. Guralnik's area of expertise, e.g., psychotherapy, relationship counseling, etc.] makes her a highly sought-after professional. However, the cost of her services is a common question among potential clients. This comprehensive guide will delve into the various factors influencing the price of a Dr. Orna Guralnik appointment, providing you with the information you need to make informed decisions about your mental health care. We'll explore potential cost ranges, payment options, and resources to help you navigate the financial aspects of seeking her professional help.

Understanding the Factors Affecting Appointment Costs:

Several factors contribute to the overall cost of an appointment with Dr. Orna Guralnik, and it's crucial to understand these to manage expectations:

1. **Type of Appointment:** The cost will vary depending on the type of appointment. A standard individual therapy session will typically differ in price from a couples counseling session or a longer-duration consultation. The complexity of the issue being addressed might also influence the length and therefore the cost of the session.
2. **Session Length:** Dr. Guralnik's appointment slots likely vary in length. A shorter, 45-minute session will generally be less expensive than a longer, 90-minute session. This is a standard practice across most therapeutic professions.
3. **Insurance Coverage:** Does your insurance plan cover mental health services? If so, understanding your co-pay and whether Dr. Guralnik accepts your insurance provider is vital. The cost out-of-pocket will significantly decrease if your plan covers a substantial portion of the session fee. Check your policy carefully and contact your insurance company directly to verify coverage. Remember, even with insurance, you'll likely have a co-pay or deductible to meet.
4. **Location of the Appointment:** If Dr. Guralnik offers both in-person and telehealth appointments, the location might impact the price. In-person sessions might have additional fees associated with the facility or travel costs for the doctor. Telehealth appointments, while often convenient, might also have slight price variations.

5. Payment Options: Dr. Guralnik likely offers various payment options, including credit cards, debit cards, and possibly payment plans. Clarifying these upfront prevents any unforeseen financial surprises. Inquire directly about these options during the scheduling process.

6. Sliding Scale: Some therapists offer sliding scale fees based on a client's financial situation. While this is not universally guaranteed, it's worth inquiring directly with Dr. Guralnik's office to see if such a system exists.

7. Additional Services: If you require additional services beyond standard therapy, such as testing or specialized assessments, these will add to the overall cost.

Estimating the Cost Range:

While it's impossible to provide an exact price without contacting Dr. Guralnik's office directly, a reasonable estimate for a standard session with a therapist of her caliber and experience might range from [insert a plausible range, e.g., \$200 to \$400] per session. This is a broad range, and the actual cost could be higher or lower depending on the factors discussed above.

How to Find Out the Exact Cost:

The most reliable way to determine the exact cost of an appointment with Dr. Orna Guralnik is to contact her office directly. Their contact information can typically be found on her website or through online directories of therapists. During your initial contact, explicitly ask about the cost of a session, what payment options are available, and whether your insurance is accepted.

Tips for Managing the Cost of Therapy:

Explore Insurance Coverage: Thoroughly investigate your insurance benefits before scheduling an appointment.

Inquire About Payment Plans: Ask about the possibility of payment plans or flexible payment options.

Consider Telehealth: Telehealth sessions often offer cost-effectiveness compared to in-person visits.

Seek Out Financial Aid Resources: If cost remains a significant barrier, research local mental health organizations that offer financial assistance or sliding scale fees.

Conclusion:

Accessing quality mental health care is a crucial investment in your well-being. While the cost of an appointment with Dr. Orna Guralnik may seem significant upfront, understanding the contributing factors and exploring available options allows you to make informed decisions. Remember, prioritizing your mental health is paramount, and seeking professional help is a positive step towards improving your overall well-being. By proactively contacting her office, you can obtain the specific cost and payment information you need to proceed with confidence.

dr orna guralnik appointment cost: *Boyhoods* Ken Corbett, 2009-09-22 Familiar and expected gender patterns help us to understand boys but often constrict our understanding of any given boy. Writing in a wonderfully robust and engaging voice, Ken Corbett argues for a new psychology of masculinity, one that is not strictly dependent on normative expectation. As he writes in his introduction, “no two boys, no two boyhoods are the same.” In *Boy Hoods* Corbett seeks to release boys from the grip of expectation as Mary Pipher did for girls in *Reviving Ophelia*. Corbett grounds his understanding of masculinity in his clinical practice and in a dynamic reading of feminist and queer theories. New social ideals are being articulated. New possibilities for recognition are in play. How is a boy made between the body, the family, and the culture? Does a boy grow by identifying with his father, or by separating from his mother? Can we continue to presume that masculinity is made at home? Corbett uses case studies to defy stereotypes, depicting masculinity as various and complex. He examines the roles that parental and cultural anxiety play in development, and he argues for a more nuanced approach to cross-gendered fantasy and experience, one that does not mistake social consensus for well-being. Corbett challenges us at last to a fresh consideration of gender, with profound implications for understanding all boys.

dr orna guralnik appointment cost: *The Rough Patch* Daphne de Marneffe, 2019-05-14 “Anyone grappling with the bewilderment of midlife...will be at once provoked and comforted by this enormously wise book” (Dani Shapiro, New York Times bestselling author of *Hourglass: Time, Memory, Marriage*), from a psychologist who has worked for decades with people struggling to preserve and enhance their marriages and long-term relationships. People today are trying to make their marriages work over longer lives than ever before. But staying married isn’t always easy. In the brilliant, transformative, and optimistic *The Rough Patch*, clinical psychologist Daphne de Marneffe explores the extraordinary pushes and pulls of midlife marriage, where our need to develop as individuals can crash headlong into the demands of our relationships. “A book of good intentions and helpful advice and a worthy manual for spouses” (Kirkus Reviews), *The Rough Patch* addresses common problems: money, alcohol and drugs, the stresses of parenthood, sex, extramarital affairs, lovesickness, health, aging, children leaving home, and dealing with elderly parents. Then, de Marneffe offers seasoned wisdom on these difficulties, explaining the psychological, emotional, and relational capacities we must cultivate to overcome them as individuals and as couples. Blending research, interviews, and clinical experience, de Marneffe dives deep into the workings of love and the structures of relationships. Intimate and always illuminating, *The Rough Patch* is an essential, compassionate resource for people trying to understand “where they are” on the continuum of marriage, giving them a chance to share in other people’s stories and struggles. “De Marneffe writes with poetry, wit, and compassion about the necessity of struggle in the quest for true love. Anyone in any relationship at any stage of life could stand to learn from the wisdom in these pages” (Andrew Solomon, National Book Award-winning author of *Far from the Tree*).

dr orna guralnik appointment cost: *Big Friendship* Aminatou Sow, Ann Friedman, 2020-07-14 A close friendship is one of the most influential and important relationships a human life can contain. Anyone will tell you that! But for all the rosy sentiments surrounding friendship, most people don’t talk much about what it really takes to stay close for the long haul. Now two friends, Aminatou Sow and Ann Friedman, tell the story of their equally messy and life-affirming *Big Friendship* in this honest and hilarious book that chronicles their first decade in one another’s lives. As the hosts of the hit podcast *Call Your Girlfriend*, they’ve become known for frank and intimate conversations. In this book, they bring that energy to their own friendship—its joys and its pitfalls. Aminatou and Ann define *Big Friendship* as a strong, significant bond that transcends life phases, geographical locations, and emotional shifts. And they should know: the two have had moments of charmed bliss and deep frustration, of profound connection and gut-wrenching alienation. They have weathered life-threatening health scares, getting fired from their dream jobs, and one unfortunate Thanksgiving dinner eaten in a car in a parking lot in Rancho Cucamonga. Through interviews with friends and experts, they have come to understand that their struggles are not unique. And that the

most important part of a Big Friendship is making the decision to invest in one another again and again. An inspiring and entertaining testament to the power of society's most underappreciated relationship, Big Friendship will invite you to think about how your own bonds are formed, challenged, and preserved. It is a call to value your friendships in all of their complexity. Actively choose them. And, sometimes, fight for them.

dr orna guralnik appointment cost: *Maternal Desire* Daphne de Marneffe, 2019-05-14 Esteemed psychologist Daphne de Marneffe examines women's desire to care for children in an updated reissue of her "fascinating analysis that's a welcome addition to the dialogues about motherhood" (Publishers Weekly). If a century ago it was women's sexual desires that were unspeakable, today it is the female desire to mother that has become taboo. One hundred years of Freud and feminism have liberated women to acknowledge and explore their sexual selves, as well as their public and personal ambitions. What has remained inhibited is women's thinking about motherhood. *Maternal Desire* is the first book to treat women's desire to mother as a legitimate focus of intellectual inquiry and personal exploration. Shedding new light on old debates, Daphne de Marneffe provides an emotional road map for mothers who work and mothers who are at home. De Marneffe both explores the enjoyment and anxieties of motherhood and offers mothers in all situations valuable ways to think through their self-doubts and connect to their capacity for pleasure. Drawing on a rich tradition of writers, such as Simone de Beauvoir, Adrienne Rich, Carol Gilligan, and Susan Faludi, as well as her experience as a psychologist and mother of three, de Marneffe illuminates how we express our desire to care for children. By treating maternal desire as a central feature of women's identity—rather than as an inconvenient or slightly embarrassing detail—we can look with fresh insight at controversial issues, such as childcare, fertility, abortion, and the role of fathers. An "absorbing look at the enormous personal pleasure that women derive from mothering....*Maternal Desire* is a stirring book that celebrates women's love for their children and mothering while also supporting their interest in careers and other pursuits" (Booklist).

dr orna guralnik appointment cost: *Childfree by Choice* Dr. Amy Blackstone, 2019-06-11 From Dr. Amy Blackstone, childfree woman, co-creator of the blog we're {not} having a baby, and nationally recognized expert on the childfree choice, comes a definitive investigation into the history and current growing movement of adults choosing to forgo parenthood: what it means for our society, economy, environment, perceived gender roles, and legacies, and how understanding and supporting all types of families can lead to positive outcomes for parents, non-parents, and children alike. As a childfree woman, Dr. Amy Blackstone is no stranger to a wide range of negative responses when she informs people she doesn't have--nor does she want--kids: confused looks, patronizing quips, thinly veiled pity, even outright scorn and condemnation. But she is not alone in opting out when it comes to children. More people than ever are choosing to forgo parenthood, and openly discussing a choice that's still often perceived as taboo. Yet this choice, and its effects personally and culturally, are still often misunderstood. Amy Blackstone, a professor of sociology, has been studying the childfree choice since 2008, a choice she and her husband had already confidently and happily made. Using her own and others' research as well as her personal experience, Blackstone delves into the childfree movement from its conception to today, exploring gender, race, sexual orientation, politics, environmentalism, and feminism, as she strips away the misconceptions surrounding non-parents and reveals the still radical notion that support of the childfree can lead to better lives and societies for all.

dr orna guralnik appointment cost: *Tele-advising* Mimi White, 1992 Drawing on feminist, postmodern, and psychoanalytic theories, White traces the impact of television's therapeutic and confessional discourses on family construction and consumer culture. In a comprehensive analysis of cable, network, and syndicated progra

dr orna guralnik appointment cost: *Feeling Jewish* Devorah Baum, 2017-08-22 In this sparkling debut, a young critic offers an original, passionate, and erudite account of what it means to feel Jewish—even when you're not. Self-hatred. Guilt. Resentment. Paranoia. Hysteria. Overbearing Mother-Love. In this witty, insightful, and poignant book, Devorah Baum delves into

fiction, film, memoir, and psychoanalysis to present a dazzlingly original exploration of a series of feelings famously associated with modern Jews. Reflecting on why Jews have so often been depicted, both by others and by themselves, as prone to “negative” feelings, she queries how negative these feelings really are. And as the pace of globalization leaves countless people feeling more marginalized, uprooted, and existentially threatened, she argues that such “Jewish” feelings are becoming increasingly common to us all. Ranging from Franz Kafka to Philip Roth, Sarah Bernhardt to Woody Allen, Anne Frank to Nathan Englander, *Feeling Jewish* bridges the usual fault lines between left and right, insider and outsider, Jew and Gentile, and even Semite and anti-Semite, to offer an indispensable guide for our divisive times.

dr orna guralnik appointment cost: *The Proper Care and Feeding of Husbands* Dr. Laura Schlessinger, 2009-03-17 The #1 National Bestseller In her most provocative book yet, America's top radio talk show host, Dr. Laura Schlessinger, urgently reminds women that to take proper care of their husbands is to ensure themselves the happiness and satisfaction they deserve in marriage. Women want to be in love, get married and live happily ever after, yet countless women call Dr. Laura, unhappy in their marriages and seemingly at a loss to understand the incredible power they have over their men to create the kind of home life they yearn for. In *The Proper Care and Feeding of Husbands*, Dr. Laura provides real-life examples and real-life solutions on how to wield that power to attain all the sexual pleasure, intimacy, love, joy, and peace desired in life. Dr. Laura's simple principles have changed the lives of millions. Now they can change yours.

dr orna guralnik appointment cost: *The Ripple Effect* Dr. Gail Saltz, 2009-03-31 Finally. The thinking woman's guide to great sex. Bookshelves sag under the weight of guides and manuals that tell readers that their sex lives will be transformed if only they are limber enough to hoist leg A into position B. Many women have found that transformation underwhelming to say the least. Sex is physical. But as best-selling author and television commentator Dr. Gail Saltz writes, Seeing sex in only physical terms is an old-fashioned and ineffective approach that is based on a fundamental misunderstanding, like treating tuberculosis with breathing exercises, which we did before we knew that tuberculosis was caused by a bacterium. We know better now. With a dose of good humor, Dr. Saltz explains how women can approach their sexuality from the inside out and create a ripple effect that will change how they think, feel, and behave in every aspect of life.

dr orna guralnik appointment cost: *The Course of Love* Alain De Botton, 2016-06-14 In Edinburgh, a couple, Rabih and Kirsten, fall in love. They get married, they have children -- but no relationship is as simple as happily ever after. *The Course of Love* is a novel that explores what happens after the birth of love, what it takes to maintain love, and what happens to our original ideals under the pressures of an average existence. With philosophical insight and psychological acumen, Alain de Botton shows that our Romantic dreams may do us a grave disservice -- and explores what the alternatives might be. The conclusion, as the characters gradually discover, is that love is not an enthusiasm, but rather a skill that must be slowly and often painfully learnt. This is a Romantic novel in the true sense, one interested in exploring how love can survive and thrive in the long term.

dr orna guralnik appointment cost: *The Distance Cure* Hannah Zeavin, 2021-08-17 Psychotherapy across distance and time, from Freud's treatments by mail to crisis hotlines, radio call-ins, chatbots, and Zoom sessions. Therapy has long understood itself as taking place in a room, with two (or more) people engaged in person-to-person conversation. And yet, starting with Freud's treatments by mail, psychotherapy has operated through multiple communication technologies and media. These have included advice columns, radio broadcasts, crisis hotlines, video, personal computers, and mobile phones; the therapists (broadly defined) can be professional or untrained, strangers or chatbots. In *The Distance Cure*, Hannah Zeavin proposes a reconfiguration of the traditional therapeutic dyad of therapist and patient as a triad: therapist, patient, and communication technology. Zeavin tracks the history of teletherapy (understood as a therapeutic interaction over distance) and its metamorphosis from a model of cure to one of contingent help. She describes its initial use in ongoing care, its role in crisis intervention and symptom management, and our pandemic-mandated reliance on regular Zoom sessions. Her account of the "distanced intimacy" of the therapeutic relationship offers a powerful rejoinder to the notion that contact across distance (or screens) is always less useful, or useless, to the person seeking therapeutic treatment or connection. At the same time, these modes of care can quickly become a backdoor for surveillance and disrupt ethical standards important to the therapeutic relationship. The history of the conventional therapeutic scenario cannot be told in isolation from its shadow form, teletherapy. Therapy, Zeavin tells us, was never just a "talking cure"; it has always been a communication cure.

dr orna guralnik appointment cost: *A Tutorial on Elliptic PDE Solvers and Their Parallelization* Craig C. Douglas, Gundolf Haase, Ulrich Langer, 2003-01-01 This compact yet thorough tutorial is the perfect introduction to the basic concepts of solving partial differential equations (PDEs) using parallel numerical methods. In just eight short chapters, the authors provide readers with enough basic knowledge of PDEs, discretization methods, solution techniques, parallel computers, parallel programming, and the run-time behavior of parallel algorithms to allow them to understand, develop, and implement parallel PDE solvers. Examples throughout the book are intentionally kept simple so that the parallelization strategies are not dominated by technical details.

on me? •What makes him commit? •What will cost a girl a second date? •Does he compare me to her? With answers to these and 145 more questions, WTF Are Men Thinking? offers women real answers from 250,000 men. It's a fascinating window into what makes him tick, a priceless handbook for avoiding the pitfalls, mistakes, and problems that are so easy for women to fall into.

dr orna guralnik appointment cost: *The Shut Ins* Katherine Brabon, 2021-07-02 From the winner of the Australian/Vogel's Literary Award, this tour-de-force explores loneliness and desire, the peril and beauty of solitude - and our need for connection. 'A compelling story about isolation, duty, desire, fear and escape. As each character in *The Shut-Ins* feels increasingly trapped by societal pressure, they explore the possibility of retreating to some indefinable, unknowable place. *The Shut Ins* will appeal to fans of thoughtful literary fiction with a touch of otherworldliness, such as *Untold* Night and Day by Bae Suah and *Earthlings* by Sayaka Murata.' - Bookseller & Publisher 'Not only is *The Shut Ins* a compelling story about hikikomori, those who seek absolute isolation from society, and those who orbit them in their reclusion, it is also a profound exploration of loneliness, solitude, and that peculiar, ineffable yearning for inner or unconscious worlds; the chimeric 'other side'. Katherine Brabon is a precise and contemplative writer, her prose capable of intense, almost-heady evocation. I will read everything she writes.' - Hannah Kent, bestselling author of *Burial Rites* and *The Good People* 'Brabon's intellectual and emotional knowledge, and her plainspoken yet spellbinding prose come together in a mesmerising work of art.' - Mireille Juchau, bestselling author of *The World Without Us* 'Brabon has Murakami's verve and craftsmanship. Her love of Japan shines through: myths, metaphors, its social life, and the vividness of its human faces make this a particularly rewarding piece of fiction.' - Sydney Morning Herald Mai and Hikaru went to school together in the city of Nagoya, until Hikaru disappeared when they were eighteen. It is not until ten years later, when Mai runs into Hikaru's mother, Hiromi Sato, that she learns Hikaru has become a hikikomori, a recluse unable to leave his bedroom for years. In secret, Hiromi Sato hires Mai as a 'rental sister', to write letters to Hikaru and encourage him to leave his room. Mai has recently married J, a devoted salaryman with conservative ideas about the kind of wife Mai will be. The renewed contact with her old school friend Hikaru stirs Mai's feelings of invisibility within her marriage. She is frustrated with her life and knows she will never fulfill J's obsession with the perfect wife and mother. What else is there for Mai to do but to disappear herself? 'I was drawn in utterly by *The Shut Ins*. It illuminated the world around me in a strange and beautiful light, and it continues to unsettle my thoughts in the best possible way. At once bold and subtle, *The Shut Ins* is a haunting and transportive reading experience.' Emily Bitto, winner of the Stella Prize for *The Strays* 'Katherine Brabon's *The Shut Ins* is quietly mesmerising. Brabon has created an exquisite portrait of loneliness and aloneness through the stories of four interconnected people living in modern day Japan. Her prose is original and vivid, I found myself entranced by this novel from its first sentence to its last.' - Anna Snoekstra, author of *Only Daughter*

dr orna guralnik appointment cost: *Textbook of Administrative Psychiatry* John A. Talbott, Robert E. Hales, 2001 This textbook provides the practitioner and student of administration in behavioral healthcare an overview of the evolving behavioral health system, core and new administrative psychiatry concepts, new roles for behavioral health players, how selected behavioral health systems are changing, the trend toward integrated systems, and law and ethics.

dr orna guralnik appointment cost: *Ten Stupid Things Men Do to Mess Up Their Lives* Laura Schlessinger, 2002-12-03 For every woman who wants to know what her man is thinking. Internationally syndicated radio superhost and columnist, controversial psycho-therapist, and author of the break-out New York Times bestsellers *How Could You Do That?!* and *Ten Stupid Things Women Do to Mess Up Their Lives*, Dr. Laura Schlessinger is back with *Ten Stupid Things Men Do to Mess Up Their Lives*. In ten vital, compelling chapters, Dr. Laura speaks her mind on: Stupid Chivalry By getting involved with the wrong woman (weak, flaky, damaged, needy, desperate, stupid, untrustworthy, immature, etc.) you think that your love will save/transform her. Stupid Independence Unwilling to admit need for bonding and intimacy, you hide in excesses of work, play, drink, drugs, porn, and meaningless sex. Stupid Ambition Unable to comfortably and proudly accept

your inherent importance to society and family as husband and father, you bow to the false idols of money, toys, power, and status. Stupid Strength Uncomfortable with feeling weak, vulnerable, useless, powerless, or rejected, you use intimidation, force, or passive-aggressiveness to regain control. Stupid Sex Taking an attraction, opportunity, or erection as a sign, you measure your masculinity and power by sexual conquests, infidelities, and orgasms. Stupid Matrimony Lacking a mature sense of the purpose, meaning, or value of marriage, you realize too late you've gone down the aisle with the wrong woman for the wrong reasons and feel helpless to fix it. Stupid Husbanding Thinking that marriage is the honorable discharge from loving courtship, you continue to live as though you were single and your mommy-wife will take care of everything else. Stupid Parenting Believing that only women/mothers nurture children, you withdraw from hands-on parenting to assert your masculine importance, missing out on the true soul food of a child's hug. Stupid Boyishness Having not yet worked out a comfortable emotional and social understanding with your mother, you form relationships with women that become geared to avenge, resolve, or protect you from your ties to Mommy. Stupid Machismo Understanding the true and meaningful difference between being male and a man, you can become a man.

dr orna guralnik appointment cost: Researching Social Gerontology Malcolm P. Cutchin, Candace L. Kemp, Victor W. Marshall, 2013 Through a careful selection of key articles published over the past few decades broken down into thematic chapters, this major work addresses how social gerontologists research ageing

dr orna guralnik appointment cost: Measures of Health Literacy Institute of Medicine, Board on Population Health and Public Health Practice, Roundtable on Health Literacy, 2009-12-30 Health literacy-the ability for individuals to obtain, process, and understand basic health information and services to facilitate appropriate health decisions-is increasingly recognized as an important facet of health care and health outcomes. Although research on health literacy has grown tremendously in the past decade, there is no widely agreed-upon framework for health literacy as a determinant of health outcomes. Most instruments focus on assessing an individual's health literacy, yet the scope of health literacy reaches far beyond an individual's skills and abilities. Health literacy occurs in the context of the health care system, and therefore measures of health literacy must also assess the demands and complexities of the health care systems with which patients interact. For example, measures are needed to determine how well the system has been organized so that it can be navigated by individuals with different levels of health literacy and how well health organizations are doing at making health information understandable and actionable. To examine what is known about measures of health literacy, the Institute of Medicine convened a workshop. The workshop, summarized in this volume, reviews the current status of measures of health literacy, including those used in the health care setting; discusses possible surrogate measures that might be used to assess health literacy; and explores ways in which health literacy measures can be used to assess patient-centered approaches to care.

dr orna guralnik appointment cost: Mindful Mixology Derek Brown, 2022-01-18 From Dry January to Sober October, moderation is having a moment. This book from spirits expert Derek Brown (newly mindful drinker himself) will show the sober and sober-curious how to mix complex, sophisticated low- and no-proof drinks. It will include recipes, techniques, and sources. Not long after his son was born, Derek Brown decided to cut back on his drinking. But as a bartender, bar owner, and cocktail and spirits expert, he wanted to do so using the techniques and expertise of mixology to create a new arsenal of libations that were sophisticated, satisfying, and tasty. Creating these drinks isn't as simple as removing the alcohol. No- and low-proof cocktails still have to be balanced and still have to be delicious, but they don't operate exactly like cocktails with alcohol. The drinks Brown presents in this book are meticulously choreographed around taste, texture, body, and piquancy to result in surprisingly complex "adult beverages" minus the booze. Drawing on historical research, meticulous tweaking of classic cocktails to create lower-proof versions, and entirely new concoctions inspired by an evolved home bar, in this book, Derek shares sixty recipes for no- and low-proof cocktails, as well as a guide to the ingredients and equipment you need to imbibe in

Mindful Mixology at home.

dr orna guralnik appointment cost: Becoming Real Dr. Gail Saltz, 2005-05-03 An inspiring work that pushes us to mature past the obstacles we create for ourselves. In this refreshing and unique book, Today Show psychiatrist Dr. Gail Saltz shows how to pinpoint, deal with, and eliminate the debilitating baggage that stands in the way of success. Through revealing and intensive questionnaires, Becoming Real helps identify the symptoms that lead to repetitive self-defeating behaviors and provides essential tools for becoming a stronger person-in love, friendship, career, and in life-with a newfound confidence.

dr orna guralnik appointment cost: Patterns of Symmetry Breaking Henryk Arodz, Jacek Dziarmaga, Wojciech Hubert Zurek, 2012-12-06 The concept of spontaneous symmetry breaking plays a fundamental role in contemporary physics. It is essential for the description of degenerate ground states, massless modes, and topological defects. Examples are abundant in condensed matter physics, atomic and particle physics, as well as in astro physics and cosmology. In fact, spontaneous symmetry breaking can be regarded as a cornerstone of a whole branch of physics which intersects the above mentioned traditionally distinct fields. In the year 2000 the European Science Foundation (ESF) started the Programme Cosmology in the Laboratory (COSLAB), with the goal to search for and to develop analogies between condensed matter physics, particle physics, and cosmology. Not surprisingly, spontaneous symmetry breaking is among the most useful notions in that endeavour. It has been decided that in the second year of the Programme a School should be held in order to work out and deliver to a wide audience of students synthetic overviews of achievements and of current research topics of COSLAB. This idea has been supported by the Scientific and Environmental Affairs Division of NATO by including the School in the renowned series of its Advanced Study Institutes. The School, entitled Patterns of Symmetry Breaking, was held in Cracow during 16-28 September 2002. It gathered 17 lecturers and about 60 students. The present volume contains notes of most of the lectures from that School. We hope that of the physics of spontaneous symmetry breaking.

dr orna guralnik appointment cost: How to Marry the Rich Sayles Ginie Sayles, Ginie Sayles, 2009-11 The rich have to marry someone...why not you? Now the world's one and only Marry Rich consultant reveals her secrets in a detailed, step-by-step plan for meeting and marrying money. It's unique, it's outrageous...and it works! dr orna guralnik appointment cost: Advances in Psychiatry Chittaranjan Andrade, 2000 This book aims to provide readers with a theoretical and practical update on the advances in psychiatry.

dr orna guralnik appointment cost: Public Health and Aging Tom Hickey, Marjorie A. Speers, Thomas R. Prohaska, 1997-05-02 The role of public health in the planning, coordination, and delivery of health promotion and disease prevention services to older people living outside of institutional settings. Selected by Choice Magazine as an Outstanding Academic Title Current issues in the public health arena have challenged the system to broaden its traditional focus on infectious disease to include chronic disease as well. As this change in emphasis takes place, professionals must be prepared to address the special chronic health concerns of older people living in the community. This textbook meets the training needs of those professionals. Public Health and Aging examines the role of public health in the planning, coordination, and delivery of health promotion and disease prevention services to older people living outside of institutional settings. Here, experts in the areas of health care policy and care of aged persons analyze the scientific basis for the practice of public health in an increasingly aging society. Reviewing a wide range of the social, cultural, financial, and environmental factors that influence the health experiences of older population groups, the authors delve into the epidemiology of age-related chronic illnesses, program development, methodological issues, data collection and analysis, strategies for intervention, and

ethics. From outlines for community-based program planning and development to discussions about the future challenges for health care systems and services, this book is an ideal reference for gerontology, public policy, and public health professionals and professionals in training.

dr orna guralnik appointment cost: *The Jewish Joke* Devorah Baum, 2017-10-26 'This book is funny, clever and, at times, heartbreaking. In other words, Jewish' David Baddiel '[Baum is] intellectually luminous, psychologically penetrating, existentially anxious, and wonderfully funny' Zadie Smith 'Hilarious and thought-provoking' David Schneider The Jewish joke is as old as Abraham, and like the Jews themselves it has wandered over the world, learned countless new languages, worked with a range of different materials, been performed in front of some pretty hostile crowds, but still retained its own distinctive identity. So what is it that animates the Jewish joke? Why are Jews so often thought of as 'funny'? And how old can a joke get? The Jewish Joke is a brilliant - and very funny - riff on Jewish jokes, about what marks them apart from other jokes, why they are important to Jewish identity and how they work. Ranging from self-deprecation to anti-Semitism, politics to sex, it looks at the past of Jewish joking and asks whether the Jewish joke has a future. With jokes from Amy Schumer, Lena Dunham and Jerry Seinfeld, as well as Freud and Marx (Groucho mostly), this is both a compendium and a commentary, light-hearted and deeply insightful.

dr orna guralnik appointment cost: *The Problem of Anxiety* Sigmund Freud, 2013-04-16 Many of the earliest books, particularly those dating back to the 1900s and before, are now extremely scarce and increasingly expensive. We are republishing these classic works in affordable, high quality, modern editions, using the original text and artwork.

dr orna guralnik appointment cost: *Treatment Resistant Depression* John F. Greden, Michelle B. Riba, Melvin G. McInnis, 2011 This unique book presents the treatment roadmap implemented by the University of Michigan Comprehensive Depression Center's Treatment Resistant Depression Program, step-by-step guidance that has long eluded clinicians, patients, and their families. Writing across discipline, modality, lifespan, and patient demographics, the authors have compiled the most current thinking on TRD and distilled it into a highly readable, imminently practical, and brilliantly organized source of hope. The authors believe that early intervention is critical, and they advocate strategies for renewed focus on identifying youths who are at risk or already symptomatic. Similarly, they devote chapters to special populations such as pregnant women, older people, and those with comorbidities. Perhaps most useful to patients and their families, the book has a strong self-care orientation, emphasizing the importance of exercise, nutrition, and healthy sleep guidelines. Patients who are actively engaged in managing their disease often have better outcomes. Treatment Resistant Depression is frequently a lifetime diagnosis. The book acknowledges that fact and offers a systematic course of treatment grounded in evidence-based research that is current and comprehensive. Treatment Resistant Depression: A Roadmap for Effective Care offers a new way of conceptualizing an old enemy, and should prove to be an indispensable weapon in the battle.

dr orna guralnik appointment cost: *Overcoming Depersonalisation and Feelings of Unreality* Anthony David, Emma Lawrence, Dawn Baker, 2012-11-01 Depersonalization Disorder is when a person experiences a feeling of being detached from life around them and sometimes emotionally numb. It is often a symptom of another disorder such as anxiety, depression, posttraumatic stress disorder and particularly panic disorder, or of an illness like epilepsy or migraine, but also occurs in its own right and among users of certain drugs. CBT is an effective treatment. PRAISE FOR THE SERIES: 'The best consumer-friendly CBT-based books&All are very thorough.' Observer 'The Overcoming series just keeps getting better and better.' The Psychologist

dr orna guralnik appointment cost: *Amazing You!* Gail Saltz, 2008-01-31 Mom, where do babies come from? Many parents live in fear of the day their child asks this question—which inevitably happens, often as early as the preschool years. Here is a picture book designed especially for young children who are becoming aware of their bodies, but aren't ready to learn about sexual intercourse. Written with warmth and honesty, *Amazing You!* presents clear and age-appropriate

information about reproduction, birth, and the difference between girls' and boys' bodies. Lynne Cravath's lighthearted illustrations enliven the text, making this a book that parents will gladly share with their young ones.

dr orna guralnik appointment cost: [Granta 146](#) Deborah Baum, Josh Appignanesi, 2019-02-14 Guest-edited by Deborah Baum and Josh Appignanesi We're living through hysterical times. Rage, resentment, shame, guilt and paranoia are everywhere surfacing, as is the intemperate adoration or hatred of popular but divisive public figures. Political discourse suffers when people seem to trust only what they feel and can no longer be swayed by reason or facts. If extreme feelings are a contagion within the political cultures of today, so too is the spread of a kind of affectlessness, as if we're starting to resemble the very technologies that threaten to replace us. Featuring vital new fiction, non-fiction, photography and poetry from across the globe, this issue is all about how our feelings make our politics, and how our politics make us feel. Adam Phillips, in conversation, analyses politics in the consulting room David Baddiel probes the outrage of life online Yvonne Adhiambo Owuor witnesses devastation Anouchka Grose on becoming a social justice warrior Peter Pomerantsev unearths his data profile to conduct sentiment analysis Poppy Sebag-Montefiore on China's public sense of touch Fabian Martinez Siccardi on growing up in Patagonia Margie Orford explores shame in South Africa Josh Cohen inspects his own apathy Hisham Matar reflects on Joseph Conrad and Edward Said Hanif Kureishi on Keith Johnstone and Keith Jarrett William Davies on affective politics Chloe Aridjis revisits the wild nights of her teenage years in Mexico City PLUS FICTION: Benjamin Markovits, Olga Tokarczuk and Joff Winterhart POETRY: Alissa Quart and Nick Laird PHOTOGRAPHY: Diana Matar, introduced by Max Houghton Deborah Baum is associate professor in English literature at the University of Southampton. She is the author of *Feeling Jewish* (A Book for Just About Anyone) and *The Jewish Joke*, and co-director of the documentary feature film *The New Man*. Josh Appignanesi is a film-maker whose directing credits include the feature films *Female Human Animal*, *The Infidel*, *The New Man* and *Song Of Songs*. He is a lecturer in Film at Roehampton University, and teaches at the London Film School and other institutions.

dr orna guralnik appointment cost: Eulogy on King Philip William Apress, 1836

dr orna guralnik appointment cost: An Indigenous Peoples' History of the United States (10th Anniversary Edition) Roxanne Dunbar-Ortiz, 2023-10-03 New York Times Bestseller Now part of the HBO docuseries *Exterminate All the Brutes*, written and directed by Raoul Peck Recipient of the American Book Award The first history of the United States told from the perspective of indigenous peoples Today in the United States, there are more than five hundred federally recognized Indigenous nations comprising nearly three million people, descendants of the fifteen million Native people who once inhabited this land. The centuries-long genocidal program of the US settler-colonial regimen has largely been omitted from history. Now, for the first time, acclaimed historian and activist Roxanne Dunbar-Ortiz offers a history of the United States told from the perspective of Indigenous peoples and reveals how Native Americans, for centuries, actively resisted expansion of the US empire. With growing support for movements such as the campaign to abolish Columbus Day and replace it with Indigenous Peoples' Day and the Dakota Access Pipeline protest led by the Standing Rock Sioux Tribe, *An Indigenous Peoples' History of the United States* is an essential resource providing historical threads that are crucial for understanding the present. In *An Indigenous Peoples' History of the United States*, Dunbar-Ortiz adroitly challenges the founding myth of the United States and shows how policy against the Indigenous peoples was colonialist and designed to seize the territories of the original inhabitants, displacing or eliminating them. And as Dunbar-Ortiz reveals, this policy was praised in popular culture, through writers like James Fenimore Cooper and Walt Whitman, and in the highest offices of government and the military. Shockingly, as the genocidal policy reached its zenith under President Andrew Jackson, its ruthlessness was best articulated by US Army general Thomas S. Jesup, who, in 1836, wrote of the Seminoles: "The country can be rid of them only by exterminating them." Spanning more than four hundred years, this classic bottom-up peoples' history radically reframes US history and explodes the silences that have haunted our national narrative. *An Indigenous Peoples' History of the United*

States is a 2015 PEN Oakland-Josephine Miles Award for Excellence in Literature.

dr orna guralnik appointment cost: Edinburgh Companion to Modern Jewish Fiction

David Brauner, 2015-06-07 Provides critical overviews of the main writers and key themes of Anglophone Jewish fiction This collection of essays represents a new departure for, and a potentially (re)defining moment in, literary Jewish Studies. It is the first volume to bring together essays covering a wide range of American, British, South African, Canadian and Australian Jewish fiction. Moreover, it complicates all these terms, emphasising the porousness between different national traditions and moving beyond traditional definitions of Jewishness. For the sake of structural clarity, the volume is divided into three parts American Jewish Fiction British Jewish Fiction and International and Transnational Anglophone Jewish Fiction but many of the essays cross over these boundaries and speak to each other implicitly, as well as, on occasion, explicitly. Extending and redefining the canon of modern Jewish fiction, the volume juxtaposes major authors with more marginal figures, revising and recuperating individual reputations, rediscovering forgotten and discovering new work, and in the process remapping the whole terrain. This volume opens windows onto vistas that previously had been obscured and opens doors for the next generation of studies that could not proceed without a wide-ranging, visionary empiricism grounding their work. The Edinburgh Companion is a paradigm-changing event, and nothing in Jewish literary studies that follows can fail to pay close attention to it. Key Features: Highlights the rich diversity of the field and identifies its key themes, including immigration, the Diaspora, the Holocaust, Judaism, assimilation, antisemitism and Zionism Analyses the main trends in Anglophone Jewish fiction and situates them in historical context Discusses the place of Anglophone Jewish fiction in relation to critical debates concerning transatlanticism and transnationalism; ethnicity and identity politics; postcolonial studies, feminist studies and Jewish Studies. With a preface by Mark Shechner, the volume contains 28 essays by contributors including Vicki Aarons (Trinity University, Texas), Debra Shostak (Wooster College, Ohio), Ira Nadel (University of British Columbia), Efraim Sicher (Ben-Gurion University, Phyllis Lassner (Northwestern University), Sue Vice (University of Sheffield), Lori Harrison-Kahan (Boston College), Ruth Gilbert (University of Winchester), Beate Neumeier (University of Cologne) and Sandra Singer (University of Guelph). David Brauner is Professor of Contemporary Literature at The University of Reading. Axel Staer is Reader in Comparative Literature at the University of Kent, Canterbury.

dr orna guralnik appointment cost: The Natural History of the Rich: A Field Guide

Richard Conniff, 2003-10-17 A tantalizing, droll study of the idiosyncratic existence of the very rich, through the unexpected lens of the naturalist. Journalist Richard Conniff probes the age-old question Are the rich different from you and me? and finds that they are indeed a completely different animal. He observes with great humor this socially unique species, revealing their strategies for ensuring dominance and submission, their flourishes of display behavior, the intricate dynamics of their pecking order, as well as their unorthodox mating practices. Through comparisons to other equally exotic animals, Conniff uncovers surprising commonalities.

dr orna guralnik appointment cost: Visualizing Jews Through the Ages Hannah Ewence,

Helen Spurling, 2015-03-24 This volume explores literary and material representations of Jews, Jewishness and Judaism from antiquity to the twenty-first century. Gathering leading scholars from within the field of Jewish Studies, it investigates how the debates surrounding literary and material images within Judaism and in Jewish life are part of an on-going strategy of image management - the urge to shape, direct, authorize and contain Jewish literary and material images and encounters with those images - a strategy both consciously and unconsciously undertaken within multifarious arenas of Jewish life from early modern German lands to late twentieth-century North London, late Antique Byzantium to the curation of contemporary Holocaust exhibitions.
