

julie sorkin msnbc

julie sorkin msnbc is a name associated with journalism and media commentary, particularly in the context of political analysis and news reporting. This article explores the career and contributions of Julie Sorkin at MSNBC, highlighting her role within the network, her journalistic style, and the impact she has had on news coverage. As a significant figure in the media landscape, understanding Julie Sorkin's work at MSNBC provides insights into the network's editorial direction and the broader media environment. From her background and professional journey to her influence on political discourse, this comprehensive overview will cover all relevant aspects. The article also discusses the nature of MSNBC as a platform and how journalists like Julie Sorkin contribute to its reputation. Below is a detailed table of contents guiding through the key sections covered.

- Julie Sorkin's Professional Background
- Role and Contributions at MSNBC
- Journalistic Style and Approach
- Impact on Political Reporting
- MSNBC's Editorial Environment
- Recognition and Public Reception

Julie Sorkin's Professional Background

Julie Sorkin is a seasoned journalist and media professional with extensive experience in political reporting and commentary. Before her association with MSNBC, she built a reputation through various roles in journalism, contributing to respected publications and media outlets. Her academic background and early career choices set the foundation for her expertise in covering complex political and social issues. This section examines her educational qualifications, early career milestones, and the trajectory that led her to MSNBC.

Education and Early Career

Julie Sorkin pursued studies in fields related to journalism and political science, equipping her with the analytical skills necessary for in-depth news analysis. She began her career in smaller news organizations, where she honed her reporting skills and developed a keen eye for political developments. Her

early assignments often involved investigative reporting and editorial writing, which helped establish her credibility in the field.

Previous Media Affiliations

Prior to joining MSNBC, Julie Sorkin contributed to several prominent newspapers and digital platforms. Her work included political columns, investigative reports, and interviews with key figures in government and policy-making. This diverse experience across print and digital media enabled her to adapt to the evolving demands of journalism and prepared her for a role in television news at MSNBC.

Role and Contributions at MSNBC

At MSNBC, Julie Sorkin serves as a political analyst and commentator, frequently appearing on various programs to provide expert insights on current events. Her role involves dissecting political developments, offering context, and explaining the implications of major news stories to a broad audience. This section details her specific responsibilities and contributions within the network.

Regular Appearances and Segments

Julie Sorkin is known for her regular participation in panel discussions, special reports, and political commentary segments on MSNBC. She brings a nuanced perspective to debates, often highlighting underreported angles and providing historical context. Her ability to communicate complex political scenarios in an accessible manner has made her a valuable asset to the network.

Behind-the-Scenes Contributions

Beyond on-air appearances, Julie Sorkin contributes to editorial meetings and news planning sessions at MSNBC. Her expertise helps shape the network's political coverage strategy, ensuring that reporting remains accurate, timely, and relevant. Her input is instrumental in determining which stories receive emphasis and how they are framed for the audience.

Journalistic Style and Approach

Julie Sorkin's journalistic style is characterized by thorough research, balanced analysis, and clear communication. She combines factual reporting with insightful commentary, maintaining a professional tone that appeals to a diverse viewership. This section explores the hallmarks of her approach to

journalism and how it aligns with the standards of MSNBC.

Commitment to Accuracy and Objectivity

Accuracy is central to Julie Sorkin's reporting, with a strong emphasis on verifying facts and presenting multiple perspectives. While MSNBC is often perceived as having a particular editorial stance, Sorkin's work strives to maintain objectivity and fairness, providing viewers with comprehensive information to form their own opinions.

Analytical Depth and Contextualization

One of Julie Sorkin's strengths is her ability to contextualize news stories within broader political and social frameworks. She often explores the underlying causes and potential consequences of events, helping audiences understand the significance beyond headlines. This analytical depth enhances the quality of MSNBC's political coverage.

Impact on Political Reporting

The contributions of Julie Sorkin at MSNBC have had a noticeable impact on the network's political reporting. Her insights and analyses enrich the discourse and encourage critical thinking among viewers. This section discusses how her work influences public understanding and media narratives.

Enhancing Viewer Engagement

Through her clear explanations and engaging commentary, Julie Sorkin helps increase viewer engagement with political news. She breaks down complex issues into digestible segments, making politics more accessible to a wider audience. This approach fosters informed citizenship and encourages active participation in democratic processes.

Shaping Media Narratives

Julie Sorkin's analyses often contribute to shaping the narratives around key political events. By highlighting specific angles or bringing attention to overlooked facts, she influences how stories are perceived both within the network and by the broader public. Her role is crucial in maintaining a dynamic and responsive news environment at MSNBC.

MSNBC's Editorial Environment

MSNBC is known for its focus on political news and commentary, often positioning itself within a particular ideological framework. Understanding the editorial environment in which Julie Sorkin operates provides context for her work and the network's overall approach to news coverage. This section outlines MSNBC's editorial stance and its implications.

Network's Political Orientation

MSNBC generally adopts a progressive or liberal editorial stance, which influences its selection of stories and framing. This orientation affects the tone and style of political reporting, including the commentary provided by contributors like Julie Sorkin. While this perspective guides the network's content, efforts are made to maintain journalistic integrity and factual accuracy.

Collaborative News Production

The editorial environment at MSNBC encourages collaboration among journalists, analysts, and producers to deliver comprehensive news coverage. Julie Sorkin's role within this collaborative framework involves contributing expertise and helping ensure that political reporting aligns with the network's standards and audience expectations.

Recognition and Public Reception

Julie Sorkin's work at MSNBC has garnered attention from both media critics and viewers. Her credibility and professionalism have earned her respect within journalism circles, while her on-air presence has contributed to the network's popularity. This section reviews the recognition she has received and the public's response to her contributions.

Awards and Professional Accolades

Throughout her career, Julie Sorkin has been acknowledged for excellence in journalism through various awards and nominations. These recognitions highlight her commitment to quality reporting and her impact on political journalism, reinforcing her status as a prominent media figure.

Audience and Peer Feedback

Feedback from MSNBC's audience and fellow journalists reflects appreciation for Julie Sorkin's insightful analysis and clear communication style. While

some viewers may differ on political viewpoints, her professionalism and depth of knowledge are widely acknowledged as valuable assets to the network's programming.

- Educational background in journalism and political science
- Extensive experience with prominent media outlets
- Regular political analyst and commentator at MSNBC
- Known for accuracy, objectivity, and analytical depth
- Influential in shaping political discourse and media narratives
- Operates within MSNBC's progressive editorial framework
- Recipient of journalistic awards and positive audience reception

julie sorkin msnbc: Power Failure William D. Cohan, 2022-11-15 NEW YORK TIMES
BESTSELLER The New Yorker Best Books of 2022 • Financial Times Best Books of 2022 • The Economist Best Books of 2022 The dramatic rise—and unimaginable fall—of America's most iconic

corporation by New York Times bestselling author and pre-eminent financial journalist William D. Cohan No company embodied American ingenuity, innovation, and industrial power more spectacularly and more consistently than the General Electric Company. GE once developed and manufactured many of the inventions we take for granted today, nearly everything from the lightbulb to the jet engine. GE also built a cult of financial and leadership success envied across the globe and became the world's most valuable and most admired company. But even at the height of its prestige and influence, cracks were forming in its formidable foundation. In a masterful re-appraisal of a company that once claimed to "bring good things to life," pre-eminent financial journalist William D. Cohan argues that the incredible story of GE's rise and fall is not only a paragon, but also a prism through which we can better understand American capitalism. Beginning with its founding, innovations, and exponential growth through acquisitions and mergers, Cohan plumbs the depths of GE's storied management culture, its pioneering doctrine of shareholder value, and its seemingly hidden blind spots, to reveal that GE wasn't immune from the hubris and avoidable mistakes suffered by many other corporations. In *Power Failure*, Cohan punctures the myth of GE, exploring in a rich narrative how a once-great company wound up broken and in tatters—a cautionary tale for the ages.

julie sorkin msnbc: *Words That Work* Dr. Frank Luntz, 2007-01-02 The nation's premier communications expert shares his wisdom on how the words we choose can change the course of business, of politics, and of life in this country In *Words That Work*, Luntz offers a behind-the-scenes look at how the tactical use of words and phrases affects what we buy, who we vote for, and even what we believe in. With chapters like *The Ten Rules of Successful Communication* and *The 21 Words and Phrases for the 21st Century*, he examines how choosing the right words is essential. Nobody is in a better position to explain than Frank Luntz: He has used his knowledge of words to help more than two dozen Fortune 500 companies grow. Hell tell us why Rupert Murdoch's six-billion-dollar decision to buy DirectTV was smart because satellite was more cutting edge than digital cable, and why pharmaceutical companies transitioned their message from treatment to prevention and wellness. If you ever wanted to learn how to talk your way out of a traffic ticket or talk your way into a raise, this book's for you.

julie sorkin msnbc: *The West Wing* Aaron Sorkin, 2003 Presents eight teleplays selected from the third and fourth seasons of *The West Wing*.

julie sorkin msnbc: *Too Big to Fail* Andrew Ross Sorkin, 2010-09-07 Includes a new afterword to mark the 10th anniversary of the financial crisis The brilliantly reported New York Times bestseller that goes behind the scenes of the financial crisis on Wall Street and in Washington to give the definitive account of the crisis, the basis for the HBO film "Too Big To Fail is too good to put down. . . . It is the story of the actors in the most extraordinary financial spectacle in 80 years, and it is told brilliantly." —The Economist In one of the most gripping financial narratives in decades, Andrew Ross Sorkin—a New York Times columnist and one of the country's most respected financial reporters—delivers the first definitive blow-by-blow account of the epochal economic crisis that brought the world to the brink. Through unprecedented access to the players involved, he re-creates all the drama and turmoil of these turbulent days, revealing never-before-disclosed details and recounting how, motivated as often by ego and greed as by fear and self-preservation, the most powerful men and women in finance and politics decided the fate of the world's economy.

julie sorkin msnbc: *A Shot to Save the World* Gregory Zuckerman, 2021-10-26 An inspiring and informative page-turner. —Walter Isaacson Longlisted for the FT/McKinsey Business Book of the Year Award The authoritative account of the race to produce the vaccines that are saving us all, from the #1 New York Times bestselling author of *The Man Who Solved the Market* Few were ready when a mysterious respiratory illness emerged in Wuhan, China in January 2020. Politicians, government officials, business leaders, and public-health professionals were unprepared for the most devastating pandemic in a century. Many of the world's biggest drug and vaccine makers were slow to react or couldn't muster an effective response. It was up to a small group of unlikely and untested scientists and executives to save civilization. A French businessman dismissed by many as a fabulist. A Turkish

immigrant with little virus experience. A quirky Midwesterner obsessed with insect cells. A Boston scientist employing questionable techniques. A British scientist despised by his peers. Far from the limelight, each had spent years developing innovative vaccine approaches. Their work was met with skepticism and scorn. By 2020, these individuals had little proof of progress. Yet they and their colleagues wanted to be the ones to stop the virus holding the world hostage. They scrambled to turn their life's work into life-saving vaccines in a matter of months, each gunning to make the big breakthrough—and to beat each other for the glory that a vaccine guaranteed. A #1 New York Times bestselling author and award-winning Wall Street Journal investigative journalist lauded for his “bravura storytelling” (Gary Shteyngart) and “first-rate” reporting (The New York Times), Zuckerman takes us inside the top-secret laboratories, corporate clashes, and high-stakes government negotiations that led to effective shots. Deeply reported and endlessly gripping, this is a dazzling, blow-by-blow chronicle of the most consequential scientific breakthrough of our time. It's a story of courage, genius, and heroism. It's also a tale of heated rivalries, unbridled ambitions, crippling insecurities, and unexpected drama. *A Shot to Save the World* is the story of how science saved the world.

julie sorkin msnbc: The Promise Jonathan Alter, 2010-05-18 Jonathan Alter, one of the country's most respected journalists and historians, uses his unique access to the White House to produce the first inside look at Obama's difficult debut. In Alter's telling, the real Obama is an authentic, demanding, unsentimental, and sometimes overconfident leader.

julie sorkin msnbc: The Digital Dilemma National Research Council, Commission on Physical Sciences, Mathematics, and Applications, Computer Science and Telecommunications Board, Committee on Intellectual Property Rights and the Emerging Information Infrastructure, 2000-02-24 Imagine sending a magazine article to 10 friends-making photocopies, putting them in envelopes, adding postage, and mailing them. Now consider how much easier it is to send that article to those 10 friends as an attachment to e-mail. Or to post the article on your own site on the World Wide Web. The ease of modifying or copying digitized material and the proliferation of computer networking have raised fundamental questions about copyright and patent—intellectual property protections rooted in the U.S. Constitution. Hailed for quick and convenient access to a world of material, the Internet also poses serious economic issues for those who create and market that material. If people can so easily send music on the Internet for free, for example, who will pay for music? This book presents the multiple facets of digitized intellectual property, defining terms, identifying key issues, and exploring alternatives. It follows the complex threads of law, business, incentives to creators, the American tradition of access to information, the international context, and the nature of human behavior. Technology is explored for its ability to transfer content and its potential to protect intellectual property rights. The book proposes research and policy recommendations as well as principles for policymaking.

julie sorkin msnbc: Online Communication Andrew F. Wood, Matthew J. Smith, 2004-09-22 Online Communication provides an introduction to both the technologies of the Internet Age and their social implications. This innovative and timely textbook brings together current work in communication, political science, philosophy, popular culture, history, economics, and the humanities to present an examination of the theoretical and critical issues in the study of computer-mediated communication. Continuing the model of the best-selling first edition, authors Andrew F. Wood and Matthew J. Smith introduce computer-mediated communication (CMC) as a subject of academic research as well as a lens through which to examine contemporary trends in society. This second edition of Online Communication covers online identity, mediated relationships, virtual communities, electronic commerce, the digital divide, spaces of resistance, and other topics related to CMC. The text also examines how the Internet has affected contemporary culture and presents the critiques being made to those changes. Special features of the text include:
 *Hyperlinks--presenting greater detail on topics from the chapter
 *Ethical Inquiry--posing questions on the nature of human communication and conduct online
 *Online Communication and the Law--examining the legal ramifications of CMC issues
 Advanced undergraduates, graduate

students, and researchers interested in the field of computer-mediated communication, as well as those studying issues of technology and culture, will find Online Communication to be an insightful resource for studying the role of technology and mediated communication in today's society.

julie sorkin msnbc: *Top of the Morning* Brian Stelter, 2013-04-23 CNN correspondent Brian Stelter reveals the dark side of morning television with exclusive material about current and past morning stars, from Matt Lauer to Katie Couric. When America wakes up with personable and charming hosts like Robin Roberts and George Stephanopoulos, it's hard to imagine their show bookers having to guard a guest's hotel room all night to prevent rival shows from poaching. But that is just a glimpse of the intense reality revealed in this gripping look into the most competitive time slot in television. Featuring exclusive content about all the major players of the 2000s, *Top of the Morning* illuminates what it takes to win the AM -- when every single viewer counts, tons of jobs are on the line, and hundreds of millions of dollars are at stake. Stelter is behind the scenes as Ann Curry replaces Meredith Vieira on the Today show, only to be fired a year later in a fiasco that made national headlines. He's backstage as Good Morning America launches an attack to dethrone Today and end the longest consecutive winning streak in morning television history. And he's there as Roberts is diagnosed with a crippling disease -- on what should be the happiest day of her career. So grab a cup of coffee, sit back, and discover the dark side of the sun. Praise for *Top of the Morning* Mr. Stelter pulls back the curtains and exposes a savage corporate world that might have been inhabited by the Sopranos. -- Washington Times A troubling look inside an enterprise as vicious and internecine as a soap opera. -- Kirkus Reviews

julie sorkin msnbc: *Policing the Planet* Jordan T. Camp, Christina Heatherton, 2016-06-07 How policing became the major political issue of our time Combining firsthand accounts from activists with the research of scholars and reflections from artists, *Policing the Planet* traces the global spread of the broken-windows policing strategy, first established in New York City under Police Commissioner William Bratton. It's a doctrine that has vastly broadened police power the world over—to deadly effect. With contributions from #BlackLivesMatter cofounder Patrisse Cullors, Ferguson activist and Law Professor Justin Hansford, Director of New York-based Communities United for Police Reform Joo-Hyun Kang, poet Martín Espada, and journalist Anjali Kamat, as well as articles from leading scholars Ruth Wilson Gilmore, Robin D. G. Kelley, Naomi Murakawa, Vijay Prashad, and more, *Policing the Planet* describes ongoing struggles from New York to Baltimore to Los Angeles, London, San Juan, San Salvador, and beyond.

julie sorkin msnbc: *Seventy-nine Short Essays on Design* Michael Bierut, 2012-03-20 *Seventy-nine Short Essays on Design* brings together the best of designer Michael Bierut's critical writing—serious or humorous, flattering or biting, but always on the mark. Bierut is widely considered the finest observer on design writing today. Covering topics as diverse as Twyla Tharp and ITC Garamond, Bierut's intelligent and accessible texts pull design culture into crisp focus. He touches on classics, like Massimo Vignelli and the cover of *The Catcher in the Rye*, as well as newcomers, like McSweeney's Quarterly Concern and color-coded terrorism alert levels. Along the way Nabakov's *Pale Fire*; Eero Saarinen; the paper clip; Celebration, Florida; the planet Saturn; the ClearRx pill bottle; and paper architecture all fall under his pen. His experience as a design practitioner informs his writing and gives it truth. In *Seventy-nine Short Essays on Design*, designers and nondesigners alike can share and revel in his insights.

julie sorkin msnbc: *Fabricating the Absolute Fake* Jaap Kooijman, 2008 A fascinating exploration of how global cultures struggle to create their own America within a post-9/11 media culture, *Fabricating the Absolute Fake* reflects on what it might mean to truly take part in American pop culture.

julie sorkin msnbc: *Media & Ethics* , 2005

julie sorkin msnbc: *Uproarious* Cynthia Willett, Julie A. Willett, 2019-12-17 A radical new approach to humor, where traditional targets become its agents Humor is often dismissed as cruel ridicule or harmless fun. But what if laughter is a vital force to channel rage against patriarchy, Islamophobia, or mass incarceration? To create moments of empathy and dialogue between Black

Lives Matter and the police? These and other such questions are at the heart of this powerful reassessment of humor. Placing theorists in conversation with comedians, *Uproarious* offers a full-frontal approach to the very foundation of comedy and its profound political impact. Here Cynthia Willett and Julie Willett address the four major theories of humor--superiority, relief, incongruity, and social play--through the lens of feminist and game-changing comics such as Wanda Sykes, Margaret Cho, Hannah Gadsby, Hari Kondabolu, and Tig Notaro. They take a radical and holistic approach to the understanding of humor, particularly of humor deployed by those from groups long relegated to the margins, and propose a powerful new understanding of humor as a force that can engender politically progressive social movements. Drawing on a range of cross-disciplinary sources, from philosophies and histories of humor to the psychology and physiology of laughter to animal studies, *Uproarious* offers a richer understanding of the political and cathartic potential of humor. A major new contribution to a wider dialogue on comedy, *Uproarious* grounds for us explorations of outsider humor and our golden age of feminist comics--showing that when women, prisoners, even animals, laugh back, comedy along with belly laughs forge new identities and alter the political climate.

julie sorkin msnbc: *Whitelash* Terry Smith, 2020-01-21 Questions if voters would vote differently if it were illegal to discriminate in voting? How can courts enforce such a prohibition?

julie sorkin msnbc: *The Digital Rights Movement* Hector Postigo, 2012-10-05 The evolution of activism against the expansion of copyright in the digital domain, with case studies of resistance including eBook and iTunes hacks. The movement against restrictive digital copyright protection arose largely in response to the excesses of the Digital Millennium Copyright Act (DMCA) of 1998. In *The Digital Rights Movement*, Hector Postigo shows that what began as an assertion of consumer rights to digital content has become something broader: a movement concerned not just with consumers and gadgets but with cultural ownership. Increasingly stringent laws and technological measures are more than inconveniences; they lock up access to our "cultural commons." Postigo describes the legislative history of the DMCA and how policy "blind spots" produced a law at odds with existing and emerging consumer practices. Yet the DMCA established a political and legal rationale brought to bear on digital media, the Internet, and other new technologies. Drawing on social movement theory and science and technology studies, Postigo presents case studies of resistance to increased control over digital media, describing a host of tactics that range from hacking to lobbying. Postigo discusses the movement's new, user-centered conception of "fair use" that seeks to legitimize noncommercial personal and creative uses such as copying legitimately purchased content and remixing music and video tracks. He introduces the concept of technological resistance—when hackers and users design and deploy technologies that allows access to digital content despite technological protection mechanisms—as the flip side to the technological enforcement represented by digital copy protection and a crucial tactic for the movement.

julie sorkin msnbc: *Siriously Delicious* Daly, Siri, 2018-04-17 Popular food blogger and TODAY food contributor Siri Daly shares her collection of cooking triumphs and mistakes, and delicious recipes for people who love food. Like many of us trying to feed our families, Siri Daly is a very busy cook. As a mother of three under the age of 10, TODAY food contributor, and wife of a bicoastal traveling man, Carson Daly (The Voice host and TODAY show co-host), Siri often doesn't know which end is up. Siri is not a serious cook, but she is serious about her food—and what she serves her family, friends and loved ones. *Siriously Delicious* is organized by how a busy mom gets through her day—breakfast, lunch, happy hour (her favorite!), dinner with sides, and dessert. Siri's recipes are created with three goals in mind: to create food that is delicious and satisfying for both kids and adults, to prepare dishes packed with traditionally comforting flavors and ingredients (think cheese, avocado, chocolate!), and to make each recipe approachable for even a novice cook—no trips to specialty food stores are required. Whether you're looking for easy-to-cook recipes your kids will devour, such as mouth-watering Bacon Pizzadillas, or you're dying to relax with a Spicy Grapefruit Cocktail when the days feel too long, this cookbook has a recipe for every occasion. Siri also includes extra tips to make your time in the kitchen easier: *Siriously Simple* offers a hack or time-saving tip,

Siriously Sinful details how to make something even more indulgent, Siriously Nutritious explains how to make something healthier, and Siriously Mini advises how to satisfy the kiddos. Filled with SiriOs often hilarious anecdotes, Siriously Delicious will not only feed your familyOs bellies but hopefully deliver a belly laugh along the way.

julie sorkin msnbc: American Political Fictions Peter Swirski, 2015-06-03 Through a discussion of diverse art and media such as apocalyptic thrillers, rap, and television, Swirski debunks the American political system, sieving out fact from a sea of bipartisan untruths. Engaging with close analysis and multiple case studies, this book forges a more accurate picture of contemporary American culture and of America itself.

julie sorkin msnbc: *Heroes and Scoundrels* Matthew C. Ehrlich, Joe Saltzman, 2015-03-15 Whether it's the rule-defying lifer, the sharp-witted female newshound, or the irascible editor in chief, journalists in popular culture have shaped our views of the press and its role in a free society since mass culture arose over a century ago. Drawing on portrayals of journalists in television, film, radio, novels, comics, plays, and other media, Matthew C. Ehrlich and Joe Saltzman survey how popular media has depicted the profession across time. Their creative use of media artifacts provides thought-provoking forays into such fundamental issues as how pop culture mythologizes and demythologizes key events in journalism history and how it confronts issues of race, gender, and sexual orientation on the job. From Network to The Wire, from Lois Lane to Mikael Blomkvist, *Heroes and Scoundrels* reveals how portrayals of journalism's relationship to history, professionalism, power, image, and war influence our thinking and the very practice of democracy.

julie sorkin msnbc: All That You Leave Behind Erin Lee Carr, 2019-04-09 "A documentary filmmaker and daughter of the late, great New York Times columnist David Carr celebrates and wrestles with her father's legacy in a raw, redemptive memoir."—O: The Oprah Magazine "A breathtaking read . . . a testimony equal parts love and candor. David would have had it no other way."—Ta-Nehisi Coates, bestselling author of *Between the World and Me* NAMED ONE OF THE BEST BOOKS OF THE YEAR BY GLAMOUR AND MARIE CLAIRE Dad: What will set you apart is not talent but will and a certain kind of humility. A willingness to let the world show you things that you play back as you grow as an artist. Talent is cheap. Me: OK I will ponder these things. I am a Carr. Dad: That should matter quite a bit, actually not the name but the guts of what that name means. A celebrated journalist, bestselling author (*The Night of the Gun*), and recovering addict, David Carr was in the prime of his career when he suffered a fatal collapse in the newsroom of The New York Times in 2015. Shattered by his death, his daughter Erin Lee Carr, at age twenty-seven an up-and-coming documentary filmmaker, began combing through the entirety of their shared correspondence—1,936 items in total—in search of comfort and support. What started as an exercise in grief quickly grew into an active investigation: Did her father's writings contain the answers to the question of how to move forward in life and work without her biggest champion by her side? How could she fill the space left behind by a man who had come to embody journalistic integrity, rigor, and hard reporting, whose mentorship meant everything not just to her but to the many who served alongside him? *All That You Leave Behind* is a poignant coming-of-age story that offers a raw and honest glimpse into the multilayered relationship between a daughter and a father. Through this lens, Erin comes to understand her own workplace missteps, existential crises, and relationship fails. While daughter and father bond over their mutual addictions and challenges with sobriety, it is their powerful sense of work and family that comes to ultimately define them. This unique combination of Erin Lee Carr's earnest prose and her father's meaningful words offers a compelling read that shows us what it means to be vulnerable and lost, supported and found. It is a window into love, with all of its fierceness and frustrations. "Thank you, Erin, for this beautiful book. Now I am going to steal all of your father's remarkable advice and tell my kids I thought of it."—Judd Apatow

julie sorkin msnbc: **Turnaround** Mitt Romney, Timothy Robinson, 2012-02-13 The head of the 2002 Salt Lake City Winter Olympics organizing committee describes how he assumed the leadership of the troubled organization and turned it around to present one of the most successful Olympic Games ever.

julie sorkin msnbc: Chain of Title David Dayen, 2016-05-17 In the depths of the Great Recession, a cancer nurse, a car dealership worker, and an insurance fraud specialist helped uncover the largest consumer crime in American history—a scandal that implicated dozens of major executives on Wall Street. They called it foreclosure fraud: millions of families were kicked out of their homes based on false evidence by mortgage companies that had no legal right to foreclose. Lisa Epstein, Michael Redman, and Lynn Szymoniak did not work in government or law enforcement. They had no history of anticorporate activism. Instead they were all foreclosure victims, and while struggling with their shame and isolation they committed a revolutionary act: closely reading their mortgage documents, discovering the deceit behind them, and building a movement to expose it. Fiscal Times columnist David Dayen recounts how these ordinary Floridians challenged the most powerful institutions in America armed only with the truth—and for a brief moment they brought the corrupt financial industry to its knees.

julie sorkin msnbc: The Films of the Nineties W. Palmer, 2009-03-02 By breaking down classic films from the nineteen-nineties such as *Forest Gump* and *Titanic*, this book offers a reel-to-reel cultural analysis, chronicling the concept of 'spin' as a major sociopolitical persuasion strategy.

julie sorkin msnbc: The Future of Reputation Daniel J. Solove, 2007-01-01 Teeming with chatrooms, online discussion groups, and blogs, the Internet offers previously unimagined opportunities for personal expression and communication. But there's a dark side to the story. A trail of information fragments about us is forever preserved on the Internet, instantly available in a Google search. A permanent chronicle of our private lives--often of dubious reliability and sometimes totally false--will follow us wherever we go, accessible to friends, strangers, dates, employers, neighbors, relatives, and anyone else who cares to look. This engrossing book, brimming with amazing examples of gossip, slander, and rumor on the Internet, explores the profound implications of the online collision between free speech and privacy. Daniel Solove, an authority on information privacy law, offers a fascinating account of how the Internet is transforming gossip, the way we shame others, and our ability to protect our own reputations. Focusing on blogs, Internet communities, cybermobs, and other current trends, he shows that, ironically, the unconstrained flow of information on the Internet may impede opportunities for self-development and freedom. Long-standing notions of privacy need review, the author contends: unless we establish a balance between privacy and free speech, we may discover that the freedom of the Internet makes us less free.

julie sorkin msnbc: The Last Tycoons William D. Cohan, 2007-04-03 NEW YORK TIMES BESTSELLER • A tale of vaulting ambitions, explosive feuds, worldly mistresses, fabulous art collections, and enormous wealth—a story of high drama in the world of high finance. • Rips the roof off of one of Wall Street's most storied investment banks. —Vanity Fair Wall Street investment banks move trillions of dollars a year, make billions in fees, pay their executives in the tens of millions of dollars. But even among the most powerful firms, Lazard Frères & Co. stood apart. Discretion, secrecy, and subtle strategy were its weapons of choice. For more than a century, the mystique and reputation of the Great Men who worked there allowed the firm to garner unimaginable profits, social cachet, and outsized influence in the halls of power. But in the mid-1980s, their titanic egos started getting in the way, and the Great Men of Lazard jeopardized all they had built. William D. Cohan, himself a former high-level Wall Street banker, takes the reader into the mysterious and secretive world of Lazard and presents a compelling portrait of Wall Street through the tumultuous history of this exalted and fascinating company. Cohan deconstructs the explosive feuds between Felix Rohatyn and Steve Rattner, superstar investment bankers and pillars of New York society, and between the man who controlled Lazard, the inscrutable French billionaire Michel David-Weill, and his chosen successor, Bruce Wasserstein. Cohan follows Felix, the consummate adviser, as he reshapes corporate America in the 1970s and 1980s, saves New York City from bankruptcy, and positions himself in New York society and in Washington. Felix's dreams are dashed after the arrival of Steve, a formidable and ambitious former newspaper reporter. By the mid-1990s, as Lazard neared its 150th anniversary, Steve and Felix were feuding openly. The internal strife caused by

their arguments could not be solved by the imperious Michel, whose manipulative tendencies served only to exacerbate the trouble within the firm. Increasingly desperate, Michel took the unprecedented step of relinquishing operational control of Lazard to one of the few Great Men still around, Bruce Wasserstein, then fresh from selling his own M&A boutique, for \$1.4 billion. Bruce's take: more than \$600 million. But it turned out Great Man Bruce had snookered Great Man Michel when the Frenchman was at his most vulnerable. *The Last Tycoons* is a tale of vaulting ambitions, whispered advice, worldly mistresses, fabulous art collections, and enormous wealth—a story of high drama in the world of high finance.

julie sorkin msnbc: *Heartburn* Nora Ephron, 2011-08-17 A 40th anniversary reissue of the national bestselling author's hilarious first novel that memorably mixed food, heartbreak, and revenge into a comic masterpiece—now with a new foreword by Stanley Tucci. • Touching and funny.... Proof that writing well is the best revenge. —Chicago Tribune Is it possible to write a sidesplitting novel about the breakup of the perfect marriage? If the writer is Nora Ephron, the answer is a resounding yes. In this inspired confection of adultery, revenge, group therapy, and pot roast, the creator of *Sleepless in Seattle* and *When Harry Met Sally...* reminds us that comedy depends on anguish as surely as a proper gravy depends on flour and butter. Seven months into her pregnancy, Rachel Samstat discovers that her husband, Mark, is in love with another woman. The fact that the other woman has a neck as long as an arm and a nose as long as a thumb and you should see her legs is no consolation. Food sometimes is, though, since Rachel writes cookbooks for a living. And in between trying to win Mark back and loudly wishing him dead, Ephron's irrepressible heroine offers some of her favorite recipes. *Heartburn* is a sinfully delicious novel, as soul-satisfying as mashed potatoes and as airy as a perfect soufflé.

julie sorkin msnbc: *Learning How to Fall* T Nikki Cesare Schotzko, 2014-12-17 Beginning with Richard Drew's controversial photograph of a man falling from the North Tower of the World Trade Center on September 11, *Learning How to Fall* investigates the changing relationship between world events and their subsequent documentation, asking: Does the mediatization of the event overwhelm the fact of the event itself? How does the mode by which information is disseminated alter the way in which we perceive such information? How does this impact upon our memory of an event? T. Nikki Cesare Schotzko posits contemporary art and performance as not only a stylized re-envisioning of daily life but, inversely, as a viable means by which one might experience and process real-world political and social events. This approach combines two concurrent and contradictory trends in aesthetics, narrative, and dramaturgy: the dramatization of real-world events so as to broaden the commercial appeal of those events in both mainstream and alternative media, and the establishment of a more holistic relationship between politically and aesthetically motivated modes of disseminating and processing information. By presenting engaging and diverse case studies from both the art world and popular culture – including Aliza Shvarts's censored senior thesis at Yale University, Kerry Skarbakka's provocative photographs of falling, Didier Morelli's crawl through Toronto, and Aaron Sorkin's *The Newsroom* – *Learning How to Fall* creates a new understanding of the relationship between the event and its documentation, where even the truth of an event might be called into question.

julie sorkin msnbc: *Legal Design* Corrales Compagnucci, Marcelo, Haapio, Helena, Hagan, Margaret, Doherty, Michael, 2021-10-21 This innovative book proposes new theories on how the legal system can be made more comprehensible, usable and empowering for people through the use of design principles. Utilising key case studies and providing real-world examples of legal innovation, the book moves beyond discussion to action. It offers a rich set of examples, demonstrating how various design methods, including information, service, product and policy design, can be leveraged within research and practice.

julie sorkin msnbc: *The Farnsworth Invention* Aaron Sorkin, 2009 It's 1929. Two ambitious visionaries race against each other to invent a device called television. ... Who will unlock the key to the greatest innovation of the 20th century: the ruthless media mogul, or the self-taught Idaho farm boy?--P. [4] of cover.

julie sorkin msnbc: Code Director Edmond J Safron Center for Ethics and Roy L Furman Professorship of Law Lawrence Lessig, Lawrence Lessig, 2016-08-31 There's a common belief that cyberspace cannot be regulated-that it is, in its very essence, immune from the government's (or anyone else's) control.Code argues that this belief is wrong. It is not in the nature of cyberspace to be unregulable; cyberspace has no nature. It only has code-the software and hardware that make cyberspace what it is. That code can create a place of freedom-as the original architecture of the Net did-or a place of exquisitely oppressive control.If we miss this point, then we will miss how cyberspace is changing. Under the influence of commerce, cyberspace is becoming a highly regulable space, where our behavior is much more tightly controlled than in real space.But that's not inevitable either. We can-we must-choose what kind of cyberspace we want and what freedoms we will guarantee. These choices are all about architecture: about what kind of code will govern cyberspace, and who will control it. In this realm, code is the most significant form of law, and it is up to lawyers, policymakers, and especially citizens to decide what values that code embodies.

julie sorkin msnbc: Garner's Modern American Usage Bryan Garner, 2009-08-27 A guide to proper American English word usage, grammar, pronunciation, and style features examples of good and bad usage from the media.

julie sorkin msnbc: How To Watch Television Ethan Thompson, Jason Mittell, 2013-09-16 Examines social and cultural phenomena through the lens of different television shows We all have opinions about the television shows we watch, but television criticism is about much more than simply evaluating the merits of a particular show and deeming it 'good' or 'bad.' Rather, criticism uses the close examination of a television program to explore that program's cultural significance, creative strategies, and its place in a broader social context. How to Watch Television brings together forty original essays from today's leading scholars on television culture, writing about the programs they care (and think) the most about. Each essay focuses on a particular television show, demonstrating one way to read the program and, through it, our media culture. The essays model how to practice media criticism in accessible language, providing critical insights through

analysis—suggesting a way of looking at TV that students and interested viewers might emulate. The contributors discuss a wide range of television programs past and present, covering many formats and genres, spanning fiction and non-fiction, broadcast and cable, providing a broad representation of the programs that are likely to be covered in a media studies course. While the book primarily focuses on American television, important programs with international origins and transnational circulation are also covered. Addressing television series from the medium's earliest days to contemporary online transformations of television, *How to Watch Television* is designed to engender classroom discussion among television critics of all backgrounds.

julie sorkin msnbc: Business Ethics Marianne Jennings, 2012-01-01 Packed with real-life examples of business decisions gone awry, the book explores the complex issues of business ethics from the leaders' perspectives. This best-selling text offers a rare collection of readings which examines the business decision-making processes of many types of leaders, while revealing some of the common factors that push them over ethical lines they might not otherwise cross.

julie sorkin msnbc: Seeking Higher Ground M. Marable, Kristen Clarke, 2016-01-23 Hurricane Katrina of August-September 2005, one of the most destructive natural disasters in U.S. history, dramatically illustrated the continuing racial and class inequalities of America. In this powerful reader, *Seeking Higher Ground*, prominent scholars and writers examine the racial impact of the disaster and the failure of governmental, corporate and private agencies to respond to the plight of the New Orleans black community. Contributing authors include Julianne Malveaux, Melissa Harris-Lacewell, Ronald Walters, Chester Hartman, Gregory D. Squires, Mindy Thompson Fullilove, Alan Stein, and Gene Preuss. This reader is the second volume of the Souls Critical Black Studies Series, edited by Manning Marable, and produced by the institute for Research in African-American Studies of Columbia University.

julie sorkin msnbc: Little Sister Carolyn Gage, With Chris Courchene, 2014-02 A one-act play by Carolyn Gage. A tribal police officer struggles with her lesbian partner over issues of loyalty and definitions of family. The play ends on a note of hope rooted in a fierce history of resistance in a culture that considered Two-Spirit people sacred and the well-being of the child a tribal priority.

julie sorkin msnbc: Speed-the-plow David Mamet, 1989 Charlie Fox has a terrific vehicle for a hot male movie star, and he has brought it to his friend Bobby Gould, head of production for a major film company. Both see the script as a ticket to the really big table where the power is. The star wants to do it; all they have to do is pitch it to their boss in the morning. Meanwhile, Bobby bets Charlie that he can seduce the secretary temp. As a ruse, he has given her a novel by some Eastern sissy writer that he is supposed to read before saying thanks but no thanks. She is determined that the novel, not the trite vehicle, should be the company's next project. When she does sleep with Bobby, he finds the experience is so transmogrifying that Charlie must plead with Bobby not to pitch the sissy film. - Publisher's note.
