Malvey, 2010-02-26 This book unveils and demystifies a revolution occurring in health care in the United States and beyond and how it will reform the health care system. There is something new in health care. Retail clinics, sometimes partnering with prestigious health-care institutions such as the Cleveland Clinic, offer an affordable, accessible solution for delivering primary-care services to underserved populations. The Retail Revolution in Health Care presents an overview of the retail health trend and its implications for consumers, employers, health care providers, health care companies, insurers, and health policy makers. The authors examine the phenomenon of retail health care from an entrepreneurial perspective, discussing the growth of retail care beyond traditional retail establishments and possible performance indicators to assess health outcomes. They report on the differing perspectives of retail care from a variety of experts, including doctors, nurses, patients, and insurers. Finally, they address business realities in the United States and globally as they affect the clinics. Retail clinics will almost certainly play a key role as either an alternative to national health insurance or a component of health reform. This important book explores their part in furthering the availability of health care for all Americans.

publix org application: *Flying Over Water* N. H. Senzai, Shannon Hitchcock, 2020-10-20 N.H. Senzai and Shannon Hitchcock expertly craft the intersection of the lives of two girls-one, a Muslim fleeing civil war, the other, an American from the South-as they are forced to examine their beliefs and the true meaning of friendship in the midst of the president's Muslim ban. Twelve-year-old Noura Alwan's family is granted asylum in the United States, after spending two years in a Turkish refugee camp, having fled war-torn Aleppo. They land in Tampa, Florida, on January 30, 2017, just days after the president restricted entry into the US from nations with a Muslim majority population. Twelve-year-old Jordyn Johnson is a record-breaking swimmer, but hasn't swum well since her mom had a miscarriage during one of her meets. Her family has volunteered to help the Alwan family through their church. She knows very few people of Arab descent or who practice Islam. The girls' lives intersect at Bayshore Middle School where Jordyn serves as the Alwan children's school ambassador. Noura knows that her family is safe from the civil unrest in her home country, but is not prepared for the adversity she now faces on American soil. Jordyn is sympathetic to Noura's situation, but there are other members of their Florida community who see the refugees' presence to be a threat to their way of life. While the president's Muslim ban tests the resolve and faith of many, it is friendship that stands strong against fear and hatred. Award winners N.H. Senzai and Shannon Hitchcock have combined their talents to craft a heartrending *Own Voices* story told in dual perspectives.

Jasmine Yap’s life is great. Well, it’s okay. She’s about to move in with her long-time boyfriend, Paul, before starting a nursing program at community college—all of which she mostly wants. But her stable world is turned upside down when she catches Paul cheating. To her giant, overprotective family, Paul’s loss is their golden ticket to showing Jasmine that she deserves much more. The only problem is, Jasmine refuses to meet anyone new. But...what if the family set up a situation where she wouldn’t have to know? A secret Jasmine Project. The plan is simple: use Jasmine’s graduation party as an opportunity for her to meet the most eligible teen bachelors in Orlando.
